PRICE OF WALES IN CAPITAL OF ONTARIO

582 WERE MASSACRED BY BOLSHEVIK TROOPS AT ARMAVIR, ARMENIA

Persian Consular Agent Was Murdered and Body Mutilated; 310 Persians, 250 Mohammedans and 21 Christians Slaughtered

London, Aug. 25.—(Reuter's).—It has been learned by Reuter's that when Bolsheviki troops occupied Armarvir, in Armenia, on August 17, they pulled down the flag at the Persian consulate and then ordered Consular Agent Ibadulla to come out. He appeared in full consular uniform, whereupon the Red Guards shot him down. They then rushed up and slashed his body with bayonets and tossed it up in the air, following which they looted his residence, where they found much money and jewelry belonging to Ibadulla's wife.

Three hundred and ten Persians, 250 Mohammedans and twenty-one Christians, who were sheltered in the consulate, were shot en masse, machine guns being used.

COLONEL DAVIES TO SETTLEMENT BOARD

Another Soldier Appointed by Government to Provincial Land Body

To fill a vacancy on the Provincial Land Settlement Board, occasioned by the recent removal of F. R. de Hart, an Order-in-Council was passed at this morning's meeting of the Cabinet appointing Lieut.-Colonel R. D. Davies as a Director.

Colonel Davies is well known in British Columbia and is no stranger to land settlement and colonization work. He was an early volunteer to respond to the call of the flag and when the 54th Battalion left the Kootenay for service overseas Col-

LIEUT.-COL. R. D. DAVIES

BELGIAN GOVERNMENT NOW HAS POSSESSION OF MALMEDY DISTRICT

Paris, Aug. 25.—Belgian authorities to-day took official possession of the district of Malmédy, which was ceded to Belgium by Germany under Article 34 of the peace treaty.

ROUMANIA REFUSES PLAN OF THE PEACE CONFERENCE FOR BANAT AND TEMESVAR

Paris, Aug. 25.—(Havas).—The Roumanian Cabinet has refused to accept the decision of the Peace Conference relative to the division of Banat and Temesvar between Roumania and Serbia, according to The Echo de Paris; which adds that Serbia is reported to be considering a general remobilization of her army.

Paris, Aug. 25.—The treaty with Austria will be considered by the Supreme Council this afternoon and probably be handed to the Austrian delegation to-morrow. Five days will be given for consideration unless the Austrians ask for a longer delay.

Mr. Asquith and His Leading Supporters To Re-enter Politics

London, Aug. 25.—The (Reuter's) The Edinburgh Evening News, the leading Scottish radical paper, which stated that Mr. Asquith was making arrangements to re-enter active politics and would seek a seat in the Commons at the earliest possible moment, states that "the re-appearance of the former Prime Minister will possibly be followed by the re-appearance of other ex-Ministers, and will see the evolution of what is now so strongly desired, namely, an alternative Government."

LABOR CANDIDATES.

Toronto, Aug. 25.—Candidates will be put up in Toronto in the coming provincial general election by the Independent Labor Party; it was decided at a meeting yesterday. It also was decided to co-operate with the Canadian Labor Party in the elections.

Winnipeg, Aug. 25.—While waiting on "safety island" for a street-car, Mrs. Baker, of this city, has \$300 removed from her pocketbook by pickpockets.

BETRAYER OF EDITH CAVELL BEFORE PARIS COURTMARTIAL

Paris, Aug. 25.—Georges Gaston Quien, alleged betrayer of Edith Cavell, appeared before a Paris court-martial to-day. The prosecution declares it will prove that after obtaining funds and help from the British nurse, Quien went to Holland, returned to Brussels as a German agent and betrayed her to the German commandant.

Fifty-eight witnesses are listed by the prosecution. M. d'Armond, attorney for the defence, will ask for an indefinite postponement until such time as the ex-Kaiser and other parties primarily responsible for the death of Miss Cavell are brought before an international tribunal.

COMPLAINTS FOR COMMERCE BOARD

Many Reaching Ottawa; Board Will Begin Work in September

Ottawa, Aug. 25.—Judge Robson, chairman of the Dominion Board of Commerce, now in process of formation, it is understood, is now en route to the capital from Winnipeg for the second time since his appointment. Judge Robson will remain here for several days, returning to Winnipeg by September 1, when the inquiry into the Winnipeg strike being conducted by him will be resumed.

F. O'Connor, who went to Washington on Friday last to look into the workings of the United States Federal Trade Board, will be back in the capital at the end of the week. As a result of the joint efforts of the two Commissioners, it is expected that the Board of Commerce will be ready to begin active operations before the middle of September, when sittings will be announced in various cities. An announcement as to the third member of the Board is expected this week. A large number of complaints as to prices already have been received. (Concluded on page 4.)

GERMANS CONTINUE TO FOMENT TROUBLE IN SILESIAN AREA

Paris, Aug. 25.—Germany has declined to invite Allied troops to police Silesia but they have that right under the treaty, which stipulates that they are to safeguard the plebiscite there. The Silesian situation is unsatisfactory and the Germans are reported to be bringing about a recrudescence of the recent reign of terror in that province.

JAPAN AND PLAN FOR CHINESE FINANCES

Tokyo, Aug. 25.—It is reported that the Imperial Cabinet, upholding the opinions advanced by the military element in the Government, has decided to insist upon the exclusion of Manchuria and Mongolia from the consortium by which Great Britain, France, the United States and Japan will assume a dominant position in the finances of China. It is expected that the negotiations will be resumed with the powers on that basis.

BELGIAN AMBASSADOR TO GREAT BRITAIN

London, Aug. 25.—The Belgian Legation in London has been raised to the rank of an Embassy, Baron Moncheur, who was appointed Minister to Great Britain in 1917, has been named as Ambassador.

Bolsheviki Claim Vladivostok Ringed About by Insurgents

London, Aug. 25.—Vladivostok is surrounded by insurgents and the town is filled with refugees; according to a Bolsheviki wireless report received here, which adds that a Japanese squadron has arrived at Vladivostok.

FIRST GRANT UNDER NEW INDUSTRIES ACT

Returned-Soldier Toy Making Concern to Get Loan of \$4,000

How the initiative, energy and enterprise of a returned British Columbia soldier has enabled him to be the first to benefit under the provisions of the Provincial Department of Industries Act was recently told to the Industrial Commissioner and to the members of the Advisory Council by Q. A. Goeling, who trades under the style of The Murrayville B. C. Toy Company at Murrayville.

SIX LOST WHEN SCHOONER SUNK

Halifax, Aug. 25.—The schooner Francis A., of eighty-three tons, of Yarmouth, owned by Henry Ameral, of Yarmouth, was rammed and sunk in a fog by the steamship Lord Downshire, of Belfast, with the result that six of her crew, including the captain, perished.

GENERAL DEFFRE SUCCUMBS IN PARIS

Paris, Aug. 25.—(Havas).—General Lemaun de Bois Deffre, former Chief of Staff of the French army, died yesterday. He was born in 1838.

PRODUCTION COSTS WILL BE INVESTIGATED IN BRITAIN

London, Aug. 25.—(Reuter's).—The Board of Trade, in explaining the profiteering law, indicates that there will be a central investigation by a central committee into the cost and profits of production and distribution of goods, and local investigations by committees, subject to appeal to a tribunal, into complaints of the general public concerning prices charged and profits made in the retail distribution of goods.

SWITZERLAND AND LEAGUE OF NATIONS

Berne, Aug. 25.—The Swiss Parliament will convene September 15 in an extraordinary session with the purpose of dealing with Switzerland's stand regarding the League of Nations. Parliament is expected to recommend that Switzerland adhere to the League. Only the Socialists are preparing to offer opposition.

WARNING BY LABOR CHIEFS IN BRITAIN

General Federation Leaders Tell Workers Fateful Months Are Ahead

Strikes Have Been Precipitated Which Might Have Been Avoided

London, Aug. 25.—The quarterly report of the General Federation of Trades Unions of Great Britain contains a warning by the management committee.

"November, 1919 to May, 1920, will be fateful months," says the report. "Unless sanitary returns and production increases, they will be tragic months."

The report continues: "Strikes have been avoided and union funds have been needlessly dissipated. Some strikes had a distinctly political origin. Political strikes must either fail or end in revolution. They are not against the capitalists, but against the community. It is not the capitalist who suffers, but the people. Against such strikes the Government must protect the people or surrender its functions. The effect of such strikes is to decrease production and increase the prices of all commodities."

TORONTO-NEW YORK AEROPLANE RACE

Planes Start From Toronto and Roosevelt Field, New York

Toronto, Aug. 25.—Aeroplane No. 51, the Oriole, piloted by Roland Rolfe, circled over the Exhibition Grounds here and got away at 12:56 p. m. for New York in the International Aerial Derby from Toronto to New York and return. Aeroplane No. 55, the D. H. 9, Sergeant Coombs, was next, leaving at 1 p. m.

VON BUELOW NOW MAKES STATEMENT

Berlin, Aug. 25.—Ex-Prince Bernhard von Buelow, former German chancellor, has in a rather belated manner entered the list of those making reservations concerning the outbreak of war by writing a letter to The Fremdenblatt, of Hamburg, regarding the statement made by Dr. von Bethmann-Hollweg, Chancellor in 1914, that the declaration of war was inevitable. Prince von Buelow sketches his long years as Chancellor, tells how he was able to avoid war and admits that peace was desired by Dr. Bethmann-Hollweg, who, he says, however, "lacked political art."

DOCKWORKERS AT MARSEILLES VOTE TO BEGIN STRIKE

Marseilles, Aug. 25.—The dockworkers have voted to call a general strike. They demand a wage of twenty francs for an eight-hour day and no overtime work.

PRINCE IS WELCOMED WARMLY BY PEOPLE OF THE CITY OF TORONTO

His Arrival From Three Rivers and Quebec Signal For Greetings From Capital City of Province of Ontario To-day

Toronto, Aug. 25.—The Prince of Wales has become a soldier again. He reached this city to-day in the uniform of a captain of the Grenadier Guards. It was the first occasion since his landing on this side of the Atlantic that the future King had appeared in the military uniform in which he was best known as a real defender of the Empire. It was the khaki garb in which he served side by side with the Canadians in the fields of Flanders. The people of Toronto accepted this change from the naval uniform which the Prince had worn in the eastern Canadian cities as a graceful tribute to the services of Ontario in defending the Empire and the reception therefore was all the more spontaneous and enthusiastic.

An address from the Province of Ontario was presented by Sir William Hearst, the Premier. After bidding welcome to the Prince, the address was as follows: "The people of Ontario recognize in the presence of Your Royal Highness among them at once the symbol and the seal of unity and permanence of our great Empire, which we believe is destined by the Providence of God to preserve for future ages the blessings of liberty, justice, of sane democracy and of obedience to constitutional authority."

"Your Royal Highness may rest assured that in the official greetings of the Government and people of Canada there is a strong element of personal respect and esteem for the young Prince who played a man's part in the war from which we have just emerged victorious, who bore his full share of danger and privation, and who on every occasion displayed the traditional courage of his ancestors. It rejoices us to know that in close and intimate association with the military forces of Canada (nearly one-half of whom came from this province), Your Royal Highness was content to be a man among men, and to inspire those feelings of affection and admiration which augur so well for the attitude of the Canadian people toward their future sovereign."

The loyalty of the citizens of Toronto was expressed in an address signed by Mayor Thomas Church, City Clerk W. A. Littlejohn and City Treasurer Thomas J. Gray.

An address was presented to the Prince on behalf of the Canadian National Exhibition at the opening of the exhibition in the afternoon.

In reply to the address of the Province of Ontario, the Prince said: "I am deeply touched by the loyal terms of your address and I beg to convey to all the people of this province my grateful appreciation of the splendid British welcome which they have accorded me."

OVER \$23,000,000 LOANED BY SOLDIER SETTLEMENT BOARD

Ottawa, Aug. 25.—Over \$23,000,000 was loaned by the Soldier Settlement Board to returned soldiers up to July 30. There were 7,939 individual loans approved by the Board and 1,632 applications received up to that date totalling 28,290.

PRODUCTION COSTS WILL BE INVESTIGATED IN BRITAIN

London, Aug. 25.—(Reuter's).—The Board of Trade, in explaining the profiteering law, indicates that there will be a central investigation by a central committee into the cost and profits of production and distribution of goods, and local investigations by committees, subject to appeal to a tribunal, into complaints of the general public concerning prices charged and profits made in the retail distribution of goods.

SWITZERLAND AND LEAGUE OF NATIONS

Berne, Aug. 25.—The Swiss Parliament will convene September 15 in an extraordinary session with the purpose of dealing with Switzerland's stand regarding the League of Nations. Parliament is expected to recommend that Switzerland adhere to the League. Only the Socialists are preparing to offer opposition.

MAJ. AYLESWORTH DIES IN TORONTO; SERVED OVERSEAS

Toronto, Aug. 25.—Major Alan F. Aylesworth, of this city, a barrister and son of Sir Allen Aylesworth, former Minister of Justice, died yesterday from congestion of the brain, after two days' illness.
Major Aylesworth went overseas as a company commander with the 95th Battalion in May, 1916, and later

was transferred to the War Office in London when the battalion was broken up for reinforcements at the Somme. He was returned to Canada in the fall of 1917, on account of his eyesight failing him. He was about forty years old.

Customer: "But is he a good bird? I mean, I hope he doesn't use dreadful language."
Dealer: "E's a saint, lady. Sings 'ymns beautiful. I had some parrots but used to swear something awful, but, if you'll believe me, this 'ere bird converted the lot."

WANTS ANTI-LIQUOR LAW CONTINUED

Ontario Premier Says Province Would Be Unwise to Repeal It

Brantford, Aug. 25.—Sir William Hearst, Premier of Ontario, in an address at a Conservative picnic held in Mohawk Park Saturday afternoon, made his first public declaration with respect to his attitude on the Ontario Temperance Act in connection with the coming referendum, by stating that repeal of the Ontario Temperance Act would be unwise. Sir William stated that the referendum would be taken between October 7 and October 22, but he made no reference to the coming provincial general election.

"I believe the Ontario Temperance Act has accomplished much good for the people," the Premier said. "When civilization hung in the balance the measure increased the financial strength generally and added to the fighting strength of the Province. In the days of reconstruction the law is doing good and to repeal it would be unwise. It will prove a boon and without fear, favor or partiality to any section of the community."

Farmers' Attitude.
Newmarket, Ont., Aug. 25.—"We intend to have no truck or trade with either the 'Grits or the Tories," declared R. H. Halbert, president of the United Farmers of Ontario, at a nomination meeting here Saturday afternoon, when S. P. Foote was named as the United Farmers' candidate for the Ontario Legislature in the next provincial election. "We have started out to hoe our own row, and we intend to finish it," President Halbert added.

PAPER EXPORTS GAIN.

The exports of printing paper from Canada during the years ending June, 1917, 1918 and 1919 had a value of \$26,722,692, \$33,828,459, and \$42,088,342, respectively, as stated in a report on the trade of the Dominion for the above years, compiled by the Dominion Bureau of Statistics.

ONE MORE VOYAGE BY THE ARAGUAYA

Portland, Me., Aug. 25.—The transportation of wounded Canadian soldiers from Liverpool through this port to the various military districts in Canada has been completed, according to an announcement by Major Howard Jeffs, the medical officer in charge of the Canadian hospital clearing depot.
The transport *Essequibo* has been removed from the hospital service and the *Araguaya* will make one trip to Halifax with 200 wounded men.

COULD HARDLY GET HIS BREATH, SAYS MANITOBA FARMER

Suffered After Each Meal;
Gains Sixteen Pounds Taking
Taniclac

"I have not only gained sixteen pounds since I commenced taking Taniclac, but the troubles that have been pulling me down for more than two years have been completely overcome, and I am as well and strong now as I ever was in my life," said A. E. Robinson, a well known farmer who lives at Nees, Manitoba, while in Liggett's Drug Store in Winnipeg the other day.
"During the recent world war," continued Mr. Robinson, "I spent most of my time overseas in the service of my country, and when I returned home a short time ago I was in a badly run-down condition. I don't believe anybody ever had a worse case of stomach trouble than I had, or suffered more from it than I did. I had no appetite, and what little I forced myself to eat, I would scur, and I would be bloated up with gas for hours afterwards. Very often this gas would get up into my throat, and it was impossible for me to get a good breath. I also suffered from pains in my back, and when I stooped over it was positive misery for me to straighten up again. I was very nervous, too, and couldn't sleep much at night. Many nights I dreamt close my eyes at all for sleep. I just seemed to lose all my strength and energy, and went down in weight until I only weighed one hundred and thirty-two pounds. I finally got so weak and run-down that for three solid months I was not able to do a lick of work."

"Well, I heard about Taniclac then, and I thought I would give it a trial, and the very best I could think of saying wouldn't half way express the good this medicine has done me. Taniclac just seemed to get right down to the seat of my trouble, and knocked it winding, and now I am as hale and hearty as anybody would want to be. I never had such an appetite in my life, and my stomach is in such fine condition that I can eat anything I want, and I never suffer afterwards. I can jump around like a boy now. My nerves are as steady as a clock, and I knock out from eight to ten hours good sound sleep every night, and getting back my weight in a hurry, and all my strength and energy have come back to me, and I can do as much hard work in a day as I ever did, I am more than glad to give this statement, and will gladly verify it to anybody who wishes to ask me about it. Taniclac is a real medicine, and is worth its weight in gold to any man that will give it an honest trial."

MANITOBA WOMAN HAS DISAPPEARED

Winnipeg, Aug. 25.—Bloodhounds have been used unsuccessfully to find Mrs. Leonie Bolly, sixty-two years old, who mysteriously disappeared from her daughter's home at La Broquerie, Man., on August 16, attired only in a night gown and a coat. The whole countryside has been taking part in the search during the last week.

While residents of the village scorned the theory of drowning and some the possibility of foul play, the provincial police, who are investigating the case, are of the opinion that temporary mental trouble caused the disappearance.

BRITISH EXPORTS WILL GROW AGAIN

London Mail Says Situation Not So Bad As Pictured

London, Aug. 25.—A careful survey of the trade situation as affecting Britain does not confirm the view prevalent that the trend of events is all in favor of the export trade of the United States, according to the writer of a special article to which *The Daily Mail* gives much prominence, and concerning which it is editorially said that the great rush of imports into Great Britain seems to be ceasing, and that exportation on a considerable scale is about to begin. The writer of the special article says the British Government chose September 1 for the withdrawal of the import restrictions to accord with the arrival in this country of an unprecedented stream of shipping which has been loading foodstuffs in Australasia.

German vessels, however, have arrived and the ocean routes are thronged with others, so that henceforth Britain will not be dependent on trans-Atlantic sources for food. The gathering of the home harvest, he adds, will add the situation.

As regards British export prospects, the writer asserts it is well known to commercial circles that considerable stocks of textiles, cutlery and other goods are available for export.

"The United States has been pouring goods into the branch," the writer, "but the rate of exchange is now against American importers, who with heavy commitments are pleased at the outlook for their trade and are not rejoiced by the removal of the British restrictions. Many alert American business men have advised manufacturers to cease flooding the British market."

NEW REAL ESTATE BUREAU IN WINNIPEG

Winnipeg, Aug. 25.—As one way of preventing profiteering in rentals in this city the formation of a real estate bureau in the interests alike of the public and property owners who look for just a reasonable return on their investments will be considered at a general meeting of the Winnipeg branch of the Army and Navy Veterans' Association called for Tuesday, September 2.

DOUKHOBOR FARMER WOUNDED WIFE AND KILLED HIMSELF

Kamsack, Sask., Aug. 25.—Simeon Kahatoff, a well-to-do Doukhabor farmer who lived about four miles west of here, shot his wife with a shotgun Saturday evening and then turned the weapon on himself, shooting himself behind the left ear, dying instantly. The woman has a possible chance of recovering, although she was shot through the abdomen.

THREE PERSONS KILLED BY TRAIN

Sedan, Minn., Aug. 25.—Three persons were killed and four others seriously injured shortly after noon yesterday when the Winnipeg flir on the Soo Line struck a stalled automobile at a crossing two miles east of here. The dead: Helen Leien and two small children of Olaf Ostgulen. Mrs. Ostgulen sustained fractures of the skull, both legs and her back and is not expected to live. Ostgulen and two other children also were seriously injured.

LIEUT. PLASKETT ON WAY TO VICTORIA

Halifax, Aug. 25.—Four steamships arrived at this port yesterday and Saturday with returning soldiers. Two of them carried Canadian soldiers, the *Belgic* and the *Saxonia*, and two, the *Royal George* and the *Carmania*, carried ex-Imperial who are being repatriated in this country. The *Belgic* had all told 2,787 troops on board, and the *Saxonia* about the same number. The western officers on the *Saxonia* included: Lieut. H. H. Plaskett, Victoria.

AVIATOR KILLED.

Woodstock, Ont., Aug. 25.—An American aviator, Lieut. H. S. Ormsby, of Providence, R. I., was fatally injured here when his plane crashed while he was attempting a landing. He was taken to the hospital, where it was found that he was suffering from a compound fracture of both legs, as well as severe internal injuries. He died without regaining consciousness.

*An Entirely New Method
of Putting a Stop to
Falling Hair*

MAHAQUA
TRADE MARK
FOR THE HAIR

It is a method founded on the diagnosis of many skin specialists, that dandruff on the scalp is the direct cause of falling hair. Cure the dandruff, stimulate the roots and the condition of the hair immediately improves. This new method takes the form of a cream to be applied to the scalp before retiring at night. It is the rediscovery of an old Indian remedy, and is named—

MAHAQUA
TRADE MARK
FOR THE HAIR

WILD root juices—exactly as the Indians used—are the curative, active ingredients of this cream. A few applications and dandruff will begin to disappear; hair will stop falling, and the scalp glow with a sensation of added healthfulness. There is no such thing as failure associated with the use of MAHAQUA. Scores of British Columbia men and women have already tried it and told us of almost unbelievable results. It only requires a trial.

*For the man or woman whose hair

Mr. Asquith and the Labor Crisis—Strict Economy or Bigger Taxes.

From a Speech at Plymouth.

Mr. Asquith addressed a Free Trade demonstration in the Guildhall, Plymouth, recently, and received a great ovation, says The London Chronicle. The ex-Premier said that never in living memory had the country been confronted with a more formidable economic situation. They had to face an annual national expenditure which could not fall short of £200,000,000.

There was, among other things, a wide-spread belief, accredited by the reports at every fresh committee of investigation, that there is, in many of our public departments, even now, great and unregulated expenditure meanwhile.

If we were to remain, as a nation, solvent, there were only two expedients open to us—in the first place, drastic economy in public expenditure, and, in the next place, what was perhaps more unwelcome—an equally drastic increase of taxation.

Paralyzing Industry. Causes for anxiety did not begin and did not end with the national balance sheet. They were manifested in almost every department of industry. The newspapers were full of reports of strikes, actual or potential.

He did not profess to pronounce as to the merits or demerits of particular disputes, but, in his judgment, no prohibition could be too strong—he used the words advisedly—for the attempt that was now being made in the coal mining industry to paralyze, by the withdrawal of engines and of pumping appliances, the future resources of the mines. As far as he knew, no precedent in previous industrial disturbances for steps of the kind.

He believed the men responsible had no sympathy, in the great world of labor, he hoped they were only a phase—passing incident.

Best Hope of Peace. The question he wished to put to them and to his fellow-countrymen outside was this: What was our best hope—he might almost say our only hope—for industrial peace in the future? Was it not the growth of a conscious sense of solidarity of common interests and of common responsibilities among all, whether they be capitalists, managers, workmen, middlemen, retailers, all who contributed in any way to the production and distribution of wealth?

That could not be brought about by the capitalists and Labor without discarding many old traditions, scrapping many old methods, giving an actual and a living voice to Labor in the control and carrying on of the common adventure.

It was equally true that was needed the same thing between workmen engaged in different forms and classes of production. They did not live in water-tight compartments.

Nothing could be more important than the industrial policy of the great combinations of workmen, and the same was just as true of the great combinations of employers, which should be shaped and directed, not with an exclusive regard for the special exigencies of their particular trade, but from the bigger point of view which would embrace the interest of every class of producers as well, and of that still wider body to which, after all, producers in the long run belong—the consuming community at large.

The Coal Rise. Referring to the increase in the price of coal Mr. Asquith said the most urgent necessity of the community at this moment was to secure such a prompt increase in the total output as would bring about a rapid decline in the cost of the first necessary of our common industrial life.

Coming to the immediate object of the meeting, which, Mr. Asquith said, was to vindicate the principle and policy of Free Trade, he declared that there were two things they might consider. The first was the rise of prices, and, the second, was the uncertainty which hung over our future fiscal and economic policy.

The increase in prices was largely, and, perhaps mainly, caused by the circumstances of the war. There was a great deal of food and raw material and manufactured commodities being produced, but they could not be brought to the places where they were wanted, and, to that extent, they were worthless, because there was not sufficient transport.

Then there was the enormous inflation through the borrowing of the different countries of currency, which had upset our whole scale of values and had cut down the purchasing power of every pound received either by the fixed income-earner or by the working man.

Restricted Imports. Prices had been, and were being, artificially aggravated by the restrictions of imports, necessary, to some extent, during the war.

They had been waiting nine months for some definite and authoritative announcement of the fiscal policy of the Government. Where was it to be found?

There were two alternatives—in an open mind or in a locked box. (Laughter.) The restriction of imports necessary for the purposes of war had not been abandoned, and was even maintained, and, in some instances, even developed and expanded. Vested interests were being created. The influx of the free imports, so vitally needed, was being denounced as fatal to the interests of the British producer.

Another equally disquieting fact was the so-called preferential proposals of the second year. They were trivial, and a sham, approaching to a fraud, because they gave no effective preference to the Dominions.

So the vicious circle went round, and the consumer had to pay two or three times as much for his food, raw material, and manufactured goods.

What was the real remedy against high prices and of the individual hardships which the war had brought upon us? First and foremost, public economy.

"Cut down your expenditure," counselled Mr. Asquith. "See that you get value for your money. Abolish the extravagant reign of the superman. (Laughter.) Re-establish the old and well-tried English tradition and practice of Treasury control."

The next thing was increased and

better production, and he must say he was delighted as surprised to see in the most unexpected quarters of the Press and elsewhere an almost daily denunciation of the old fallacy that if a man did less work there was more work for others to do.

production at home and abroad unless there were facilities for free interchange of the products of labor? The essence of Free Trade was the maximum output. They attained that by concentrating upon the things which they were best qualified to produce.

The best way of keeping the British Empire together by ties not only of affection, but of interests, was to allow each of its separate parts to carry out the policy it thought best. The moment they endeavored to establish as between different dominions a system of imperial preference they would find they had done a great deal more to destroy than to unite the Empire.

We shall lose our supremacy in the markets of the world, we shall impoverish our people, we shall handicap ourselves, we shall go down step by step from the position of superiority to that of inferiority in the industrial competition of the world unless we keep open our ports to the access of every kind of material, raw material and semi-manufactured goods, and let the freest portion of the world it comes.

Free Trade Won the War. Until America came in we bore on our shoulders the whole burden—nobody knows it better than I do (loud cheers)—bore the whole burden of the financial exigencies and strain of the war. Where would France have been? Where would Italy have been, but for our ability to sustain the financial burden of the war? It is well-known they could not have sustained the war for a year.

Not only so, but we did a thing which we could never have done but for Free Trade, which created, fostered and maintained, our mercantile marine—(cheers)—we transported the troops of our Dominions and our own, and we transported the troops of America—(cheers)—which would never have got to Europe, where they were so much needed, but for our British finances. We transported the troops, we brought the food, we brought the materials by which alone the Allied cause was maintained, and became triumphant. Why was that? Because under our system of Free Trade we had made ourselves supreme upon the seas.

Foresight of Cobden. "Are you going to throw all that away?" he asked. "Is that the lesson of the war? People read lessons backwards. There never was a more effective or more eloquent corroboration of the wisdom and foresight of Cobden and Gladstone than in the fruits produced in the greatest struggle the world has ever seen."

In the Peace Treaty we had obtained our objects. What had we done for the world? We had shown the world that we were capable of doing for ourselves at home. If we were to have a solid foundation of industrial and of social peace, it could only be by the exclusion of selfish interests and by the fullest possible development of Liberty.

A resolution expressing adherence to the principle of Free Trade was carried.

TEMPORARY APPOINTMENT.

Saskatoon, Aug. 25.—The Board of Governors of the University of Saskatchewan has made the following announcement: "The chairman of the Board of Governors of the University of Saskatchewan, James Clinksail, having received advice that President Murray's physicians had ordered complete rest owing to the condition of his health, a meeting of the Board of Governors was called to make such arrangements as the situation demanded."

"The meeting was held in Regina on Friday, and a resolution was passed granting President Murray three months' leave of absence and appointing Dean Ling Acting President during his absence. Dean Ling enters upon his new duties to-day."

TRAFFIC ON CANALS.

The total traffic through the several canals of the Dominion for the season of 1917 amounted to 22,238,935 tons, a decrease of 1,344,556 tons compared with the previous year; 244,819 passengers were carried, a decrease of 18,829, according to the report of the Department of Railways and Canals.

If new gloves are placed between the folds of a damp towel for an hour before being worn they are much easier to put on. The damp causes the kid to become more pliable, so that they will stretch to the required shape without cracking or splitting.

HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N.Y.—"When my first child was born I did not know about the Vegetabable Compound. I read in the newspaper about the Vegetabable Compound and when my second child came I took it and was well during the whole time, and childbirth was a easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetabable Compound. It keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N.Y.

MESOPOTAMIA FOR COTTON.

It may be remembered that, when General Sir Stanley Maude had to lay down his work with his life in Mesopotamia, that work was taken up and carried on successfully by General Sir W. R. Marshall. The expedition which he sent up the Euphrates freed that river from the Turks, and just before the armistice the force which he led up the Tigris from Bagdad captured the entire Turkish Army of 7,000, about fifty miles south of Mosul, the city which stands on the west bank opposite the ruins of Nineveh. Since then the war has had peace, and all the war north and west from Basra there has been a notable revival of commerce and agriculture, with a beginning of the great irrigation schemes devised by Sir William Willcocks. It was through irrigation that in ancient times the land developed its extraordinary fertility, and traces remain of the network of canals that formed the centre of Babylonian life.

Is there to be a renewal of that fertility in place of the desert barrenness produced by Turkish neglect and misadministration? General Marshall, who has returned to England, is of that opinion. Speaking recently at Durham, he made one very remarkable statement. As a result of experiments in South Carolina he believed that Mesopotamia would become the finest cotton-growing country in the world. That is a large expectation, too large to disturb cotton growers in other countries. Details of the experiments, showing surprising results, will have to be made known before the "sea island" territory of Georgia, South Carolina and Florida can believe that its supremacy is threatened by Mesopotamia, or that the beautiful long-staple cotton of its peculiar variety can be excelled anywhere.

But Mesopotamia has always grown some cotton, which modern methods may improve. Of this material may have been the veil which Rebekah covered herself at her first meeting with Isaac, as she journeyed under the guidance of Abraham's servant from Mesopotamia to Canaan to become Isaac's wife. General Marshall's words open a field of interesting speculation for the future. Cotton competition between Mesopotamia and Egypt would be particularly attractive. And cotton is one good thing of which war's tatterdemalion, the world of to-day, cannot have too much.—Boston Herald.

If Everything Born Lived

During the mouse plague in South Australia and Victoria, in 1916-17, a farmer one night put down poisoned wheat, and in the morning 25,000 of the little pests lay dead round his house. There was still greater slaughter in a certain wheat yard, where no fewer than 50,000 mice were killed in a single afternoon. In a short time, indeed, the slain were numbered by billions.

Now, if a slight disarrangement of the usual order of things could produce so stupendous an increase in a species, what would happen if for a brief period any organism multiplied absolutely unchecked?

Countless Mighty Families. We know as an historical fact that 12,000,000 blades of the Argentine pampas at the end of the eighteenth century—to say nothing of countless additional flocks in other parts of South America—were all descendants of a few pairs which Columbus left at St. Domingo on his second voyage.

But this gives us merely a faint inkling of the potential rate of reproduction of a species. Suppose that our rat population on January 1 was 40,000,000—a very moderate estimate—that the sexes were equally divided, and that ten per cent had not chance of multiplying. This leaves 10,000,000 pairs, and if only five per cent of these should have six litters of eight rats each by the end of December (this is well within the bounds of possibility), we shall then have 41,000,000 pairs, or, in all, 82,000,000 rats.

Suppose, again, that a pair of elephants live for the normal term of their existence—a century—and that they bring forth and rear only six young, their descendants in 750 years might number nearly 15,000,000.

Look now at one of the smallest forms of life—the infusoria. Under the most favorable conditions, a single specimen of these—an organism so tiny that it cannot be seen with the naked eye—will, at a temperature of fifty degrees become two in twenty-four hours; and if the temperature be increased to eighty degrees, the process of multiplication will be hastened five times in twenty-four hours. Now, if this rate continued for seven and a half days, there would be a progeny of fifty-eight billions, weighing 230 pounds!

Glance next at the insect world. One fly of a certain species will produce 20,000 larvae which attain maturity in five days. As each larva remains in a pupal state for five days, every parent fly increases ten thousandfold in the course of the outside. So that during a short summer of three months its family may total one hundred millions of millions of millions!

One Oyster—Sixteen Million Eggs! Fish, shell and other, will furnish a further illustration. A healthy vigorous specimen of our dear—very dear—old fringed oyster, will produce sixteen million eggs, and its grown up family may easily number half a million.

Assuming, however, that a female produced sixteen million eggs which developed into oysters, and that these lived the allotted span (whatever that may be in the case of oysters), and then died, each leaving in turn, a family of sixteen millions, how many would there be in the fifth generation? That is an easy one. The number would be (taking one-half of each generation as females) exactly 66,000,000,000,000,000,000,000,000,000,000.

And what about the shells which the departed would leave behind them as their memorials? Well, according to Professor Marshall, they would make a pile eight times as large as the earth!

So, again, of many common varieties of the finny race—cod, herring, etc. Such densities of the deep will produce at least one million eggs, and a pair may have a progeny of many millions.

If all of these developed, and each had the average family, the sea would in a very short time become a solid mass of fish, and from it every other form of life would be excluded.

Any organism, indeed, if it increased at its natural rate, without let or hindrance, would in a short period, cover the whole surface of the globe. So that if Nature had her fling in a particular direction there would be only one form of life, and that form would be all-powerful.—Tit-Bits.

The giant airship, R-34, is 639 feet in length, or 100 feet longer than Westminster Abbey. Her total weight, however, is less than half that of a railway engine.

"THE FASHION CENTRE"

Angus Campbell & Co. Ltd.

1008-10 Government Street. Store Hours: 9 a.m. to 6 p.m. Wednesdays 1 p.m.

Juvenile Dresses

For Both Hours of Study and Play.

Any store might be excused for having a hobby. You will be pleased to learn of ours—it's finding clever styles for juveniles! Mothers and youthful daughters delight in coming here this week, as we give them happy hours choosing among the cleverest of little frocks. Styles that are tubbable and prices that are consistent distinguish this week's display.

Pretty Plaid Frocks

For Girls 2 to 16 Years

They catch your eye at once through their unusually pretty color combinations. Little jumper styles, middy styles and "Dutch" effects, give pleasing choice and suitable lines for each little figure. The well finished touches that closer observation brings to your notice, emphasizes the good values these are to every mother.

Priced at \$2.95 to \$11.00.

Real Human Hair Nets

3 for 25c

Real Human Hair Nets, in cap shape and fringe net style, procurable in shades of mid-dark and light brown, auburn, blonde and black; large size. Special at 3 for... 25c

Low Prices on Furniture

Our aim is to furnish homes neatly, artistically and economically. We want you to inspect our stock of Home Furniture. You will be pleased with the reasonable prices and surprised at the large and varied stock we carry.

Be sure to see us before deciding on your furniture purchases. Country orders packed and shipped free.

We Give a Discount of Ten Per Cent. Off Regular Prices for Spot Cash.

Dining Chairs—Set of one arm and five side chairs, solid golden oak and pad seats; strongly made. Cash price is \$34.20

AFTER THE PRESIDENT.

The Republican opponents of President Wilson in Congress are missing no opportunity of discrediting him and making him or any other Democrat who supports his policies an impossibility at the next presidential election.

The President's opponents have a great fear that, notwithstanding the traditional objection to a third consecutive term for a chief executive, he will again be a candidate.

No doubt these tactics and the propaganda accompanying them, will make some headway among the people, but not as much as its exponents imagine.

SHANTUNG.

By the Treaty of Versailles Japan acquires the interests formerly held by Germany in the Shantung Peninsula, comprising the lease of Kiao Chau Bay, the chief harbor of the peninsula, with the town of Tsingtau within the bay, and certain railroad concessions.

Early in 1917 Great Britain, France and Italy entered into a secret treaty with Japan by which the latter was given virtual sovereignty over the whole Shantung Peninsula which has some 30,000,000 Chinese inhabitants.

Recently Viscount Uchida, Japanese Minister of Foreign Affairs, issued a statement in which he said Japan was willing to restore Shantung to China and would enter into negotiations with the Pekin Government after the ratification of the Treaty of Versailles.

mon accord between the Chinese and Japanese Governments and that the length of time required for such arrangements depends upon the attitude of China.

The prompt fulfillment of that pledge will gain for Japan infinitely more than she will have lost. It will do much to assuage the hostile sentiment against her which now inflames the Chinese and will help to create the friendly relationship so greatly needed in their mutual interests.

ASQUITH COMING BACK?

From London comes the report that ex-Premier Asquith is understood to be contemplating an early re-entry into active politics.

The former Prime Minister has a large following. He has retained always the loyal allegiance of that section of the Liberal party which chose to play its part in Parliament as a free agent.

Mr. Asquith appreciates the Prime Minister's political dilemma. He knows that Mr. Lloyd George could not announce himself as the official Liberal leader in any appeal to the country.

HERRINGS TO GERMANY.

Those who have been demanding a trade boycott of Germany and the payment of indemnities will be interested in an Aberdeen dispatch chronicling the sale by Scottish fish curers of 250,000 barrels of cured herring to the Fatherland.

IS PROGRESS BEING MADE?

By its demonstration a week or so ago a delegation of returned soldiers must have convinced the City Council that there are fully three score bona fide citizens desirous of benefitting under the provisions of the Dominion Housing plan.

Viscount Astor, formerly William Waldorf Astor, has turned over his holdings in New York, estimated to be worth between \$50,000,000 and \$60,000,000, in trust for his children.

PRINCE IS WELCOMED WARMLY IN TORONTO

He gave me. It will be a pride to me to tell my father, the King, of this most sterling expression of your attachment to his family and his throne.

"I can not tell you, gentlemen, in the limited scope of a reply to an address how strongly and how deeply I appreciate the magnificent services rendered by this Province to the Empire during the great war.

"Now that we have won the war, we have to concentrate upon the problems of peace. You have not exaggerated my interest, Mr. Premier, in housing, in labor conditions, in all that concerns the welfare of the Empire's men and women in the great cities and in the countryside.

without notes, briefly thanked Mayor Teesler and the citizens for their warm welcome and congratulated the veterans on the effective work they had done.

Montreal, Aug. 25.—That the establishment of the Board of Commerce, with the powers similar to those of the Railway Commission, to investigate profiteering and enforce the remedy at once, was having a salutary effect in preventing further inflation of prices long before it got to work, was what Senator Robertson, Minister of Labor, told an audience composed of returned soldiers belonging to the Canadian Federation of Soldiers and Sailors Saturday night at a dinner tendered here to the Minister, Bernard Rose, toastmaster, termed "the greatest blow that Bolshevism propaganda had had in Canada to date."

Several bouquets of roses were presented to the Prince along the route from Quebec to Three Rivers, and there was no doubt of the warmth of the reception accorded him everywhere.

Montreal, Aug. 25.—Within the space of half an hour yesterday this city extended an intensive welcome to the Prince of Wales and in so doing had the honor of being the first minor municipality, beyond those immediately outside of the City of Quebec, to receive the Prince.

Major Teesler had no inscribed address, but on behalf of the city he extended a most cordial welcome and expressed the strong attachment and sincere loyalty of the population of Three Rivers toward the King and Empire.

The first shipload of British Columbia lumber sent to Egypt will start from Vancouver in a few days for Alexandria. The cargo will go on the barque Verejean, which is now loaded with 1,650,000 feet.

**COL. HART HOME;
DECORATED BY KING**

Victoria Medical Man Has Distinguished Overseas Service Record.

Lieut.-Col. E. C. Hart, C. M. G., has returned home after exactly four years service overseas. He was invested with the C. M. G. by the King at Buckingham Palace last year. He has just completed twenty-one years of military service. He is at present with his family at their ranch at Albert Head, where Mrs. Hart and their three children have been living since last May, when their town-house at Courtenay and Douglas Streets was handed over to a Red Cross hostel for nursing sisters returning from the front.

Early in 1915 Col. Hart, upon receiving authorization from Ottawa, gave up his medical practice here and formed the No. 5 General Hospital at Macaulay Plains. He rapidly brought the force up to full strength with 32 surgeons, 75 nursing sisters, 177 rank and file, 22 sergeants, dental surgeons and buglers.

In August, 1915, he took the hospital overseas and down to Salonika. He remained with his unit at Salonika until it was withdrawn last year. For his work at Salonika he was several times mentioned in despatches and promoted to the full rank of Lieutenant-Colonel.

After returning to England he was made Assistant Director of Medical Services of the Canadian forces for the Northwestern area with headquarters at Buxton. For the last six months his headquarters have been at Liverpool, where a large proportion of the Canadian soldiers returning home passed through his hands, according to a statement the Colonel made to The Times to-day.

Col. Hart was surgeon-major to the Imperial forces of 500 at Work Point Barracks during the time of the South African war. When the Canadian authorities took over the Work Point Establishment a few years later, Col. Hart entered the Canadian Army with the reduction from the rank of major to that of captain.

**GUGGENHEIMS START
WORK AT BRENTON**

Important Development Interests Have Bonded Properties Near Duncan

The Guggenheims are commencing development work on the Brenton copper claims, a short distance from Mount Sicker, as the result of recent investigations conducted by Mr. Levensaler, one of their mining engineers.

Although the mine has been idle for several years and apparently moribund, there has been some low-grade ore showing. To prove what is now showing is the object of the work that has been started. The property has been bonded by the Guggenheims.

Development work on the Mount Brenton claims follows the announcement last week of the bonding of the properties of the Yee Copper Company on Mount Sicker nearby. These two developments have resulted in much interest being taken in the district, and several parties have been busy staking the surrounding areas.

The Brenton mines were opened in 1909 by the Mount Sicker and Brenton Mines, Ltd., of which Dr. T. J. Jones was president. The capitalization of the company was \$1,000,000, and Victoria capital was heavily interested, along with Eastern people, chiefly from Philadelphia.

The property as then organized comprised 352 acres on Mount Brenton, forty-nine miles north of Victoria, a short distance from Duncan. The property is in the same geological horizon as the Yee and Lenora mines, and supposedly carries a continuation of the schistose ore formation of those mines.

Development work has been done at different times, but workable ore body up until now has not been definitely secured.

**EXPORT TRADE WITH
ITALY IS GROWING**

It is impossible to estimate accurately from Italian Government returns as compiled at present the trend of trade between Italy and Canada, as in most cases Canada is classified under the heading "Other countries," whereas for fish imports the word "Canada" includes Newfoundland.

According to the Canadian Government preliminary statement of the trade of Canada, however, for the last fiscal year, it is evident that the value of Canadian exports to Italy are higher for that period than for any preceding fiscal year in the history of Canadian trade. The Canadian statistics both for exports and imports during the past six fiscal years are given hereunder, as quoted in the Trade and Commerce Bulletin:

Year	Value in Dollars
1913	695,719
1914	655,256
1915	1,840,910
1916	1,738,333
1917	11,226,621
1918	3,336,059
1919	13,181,514

Year	Value in Dollars
1913	1,543,308
1914	2,147,365
1915	1,597,548
1916	986,746
1917	1,227,007
1918	771,187
1919	552,112

Swine fever had broken out in the village, and the local policeman had been appointed to call upon all owners of pigs and take particulars of each case. Rapping at the door of an old cottage, he was confronted by a shrewish-looking woman, who curiously asked him what he wanted.

"I've come to see the swine," said the constable.

"He's out," snappily replied the woman, and banged the door.

This Fellow Takes His Wife Along--How About You?

HONESTLY NOW, hasn't that little excuse of wife's about being "tied down to work," got to be more or less a "habit" with you? Have you ever really tried to figure out how you can "fix it" for her so that she, too, can take that "dip" in the briny?

HERE'S some inside housekeeping information: There's 15 hours required to turn a 50-lb. sack of flour into bread. You can save her all this time and worry by taking home a loaf of baker's bread. Yes, and make a "double hit" by seeing that it's SHELLY'S 4-X BREAD—it's the best.

Social Personal

Lieut. J. J. McDonald, of Calgary, arrived at the Empress Hotel yesterday.

Mr. and Mrs. W. J. Meagher, of Nelson, are arrivals at the Empress Hotel.

Dr. and Mrs. H. K. Hatfield, of Boston, Mass., are staying at the Empress Hotel.

Mr. and Mrs. William Childs, of Columbus, Ohio, are registered at the Empress Hotel.

Mr. and Mrs. Herbert Lincoln Clark, of Philadelphia, are registered at the Empress Hotel.

Capt. William McKenzie, of this city, is the guest of his aunt and uncle, Mr. and Mrs. Fred Bailey at Glen Cove.

Mrs. E. V. Bodwell, who has been the guest of Mrs. J. W. Stewart for the past ten days in Vancouver, has returned here.

General Sir Percy and Lady Lake, Sir Richard and Lady Lake, Major Belson and Mrs. Belson, of Victoria, have been fishing at Campbell River.

Mr. and Mrs. G. Michaels, and daughters, Miss Anne, Miss Elsa and Miss Lillian, will leave Seattle September 1, to make their home in Victoria.

T. R. Rooney, late band sergeant of the Seventh Battalion, formerly with the 88th Drum and Pife Band, has been appointed in charge of the brigade band of the Boys' Naval Brigade.

The engagement is announced of Norma Ahmeda, daughter of Mr. and Mrs. William F. Hall, of Richmond Avenue, to Captain James H. Kerr, eldest son of Mr. and Mrs. John Kerr, of Neepawa, Manitoba. The marriage will take place early in September.

Major Mothersill, Mr. and Mrs. E. E. Devlin and Mr. and Mrs. W. C. Cowan and their daughter, Frances, have returned to Vancouver after an automobile tour covering a distance of 1,200 miles, embracing many interesting points in Washington, and all the automobile roads on Vancouver Island as far north as Campbell Lake and Campbell River Falls.

Dr. and Mrs. Kenneth Winslow, who have been occupying the home of Mr. and Mrs. John Erikson, Seattle, will remove the first of September to an apartment at the St. Paul. They have just returned from a motor trip to Vancouver Island, having with them as their guest Mrs. Louis W. Hill, of St. Paul, Kenelm Winslow, Jr., spent the last week-end at Victoria.

In St. John's Church, Ladysmith, on Thursday, Rev. Canon Leakey united in marriage Mr. Arthur Gregson and Miss Maud Wagstaff, of Victoria. Mr. Gordon Carley officiated as groomsmen, while Miss Theima Gregson supported the bride. The wedding was one of particular interest to Ladysmith people, the groom having lived there all his lifetime until the breaking out of war, when he enlisted and afterwards served three years overseas, being severely wounded in one of the battles in the second year of the campaign.

Pte. Thomas Gamlen, one of four brothers who served in the Great War, returned to the city on yesterday's afternoon boat, and was cordially welcomed by a large gathering of friends and relatives. At the time of his enlistment in the 88th Battalion in November, 1915, Pte. Gamlen was employed with the Victoria Lumber Co. at Chemainus, where his wife and family have been residing during his four years' service overseas.

After a distinguished service overseas, Nursing Sister E. V. Hussey, Medal of Honor, Medal of Gratitude, has reached Vancouver on her way to her home in Victoria. She left for the theatre of war in February, 1917, and during the two and one-half years' absence saw considerable service in England, France and Switzerland. Before proceeding to the front Nursing Sister Hussey was matron of the Military Hospital at Esquimalt. For a few days she will be the guest of her sister, Mrs. W. E. Norris, 725 Tenth Avenue East.

RED CROSS NOW PROVINCIAL BODY

British Columbia Is Brought Into Line With Other Provinces

Following a recommendation made by Lieut.-Col. Marshall, chairman of the Central Council of the Canadian Red Cross Society, a meeting was held on Saturday in the office of the Lieutenant-Governor, attended by representatives from Vancouver, Victoria, New Westminster, Revelstoke and Nelson.

Sir Frank Barnard presided at the meeting, and after it had been explained that it was felt by those who had taken most active interest in Red Cross work during the war, that the organization in this Province should be completed in accordance with the general constitution of the society by the establishment of a provincial branch in British Columbia, as in other Provinces, it was unanimously resolved that this action should be taken at once.

The opinion was expressed that it was important that there should be such a branch with a permanent office both for the purpose of seeing that the splendid organization established in many parts of the Province should not be allowed to lapse, and for the carrying out of whatever peace policy may be decided upon at a meeting of the Central Council, which is to be held in Winnipeg on September 3.

At the unanimous request of the meeting Sir Frank Barnard consented to act as president. Four vice-presidents were elected: P. W. Jones, Victoria; A. P. Black, Vancouver; Judge Young, Prince Rupert; and Mrs. Douche, Nelson. A. J. Forsyth was elected honorary secretary-treasurer and great satisfaction was expressed at his willingness to carry on the work for the present without expense to the society.

At the meeting it was decided that there should be an executive committee representative of the whole Province, and in addition to the officers above mentioned the following were appointed to the executive and arrangements made to add to their number as soon as the wishes of a number of the principal branches of the society throughout the Province were ascertained. Mrs. H. Fleming and D. J. Angus, Victoria; Mr. Miller, Mrs. Mills and Mr. Ridgway, Vancouver; Mr. Clute, New Westminster; Mrs. Houlton, Revelstoke.

To Look Your Best in the Evening, Use

MARINELLO Phantom Powder

It is not only best for evening use, but of great value for protecting skin before exposure to the sun and wind. Applied with sponge, it forms a harmless coating that cannot be detected. Used and recommended by more than 500 Beauty Shops.

VANCOUVER'S GRAVE RECEIVES CARE

Petersham Vicar Replies to Criticism of Neglected Condition

At the July meeting of the Lady Douglas Chapter of the I. O. D. E. here the members discussed the condition of Capt. George Vancouver's grave at Petersham, and it was resolved to communicate with the Agent-General on the matter.

Secretary H. E. Marks of the Navy League of Canada-Vancouver, has received from P. C. Wade, K. C., Agent-General for British Columbia, a copy of a letter from Rev. C. S. Nicholl, vicar of Petersham, dealing with Captain Vancouver's grave. The letter follows:

"Dear Sir,—In answer to yours re Captain Vancouver's grave. We have

AERIAL LEAGUE TO HOLD DANCE MONDAY

Will Be Opening Function of Season of 1919-1920

The Aerial League of Canada proposes opening the coming season with a formal ball on Monday next at the Alexandra Club. The dance is under the patronage of His Honor the Lieut.-Governor and Lady Barnard, and Major-General R. G. E. Leckie, C. M. G., and is being given in conjunction with the aerial meet in the afternoon of that day. The pilots flying over from Vancouver to take part in the sports will be the guests of the evening, and fly back to the mainland the following day. Permission for officers to wear uniform has

been granted by Major-General Leckie.

No effort is being spared to make this affair an outstanding event, and under the same capable direction as the Aerial League cabaret, given last spring, success seems assured. The list of performers will include: Mrs. and Mrs. A. Yarrow, E. O. Copas and R. McConnel.

Dancing will commence at 9 o'clock music being supplied by Heaton's seven-piece orchestra. Heaton anticipates an exceptionally jazzy orchestra having procured the services of a saxophone, which is still somewhat of a novelty to Victorians. A very fine programme has been arranged, and all the latest hits included.

Tickets for the dance are now on sale at Wilkerson's Jewelry Store, the secretary of the Alexandra Club, the offices of the Aerial League of Canada, 294 Union Bank Building, and members of the committee. As only a limited number of tickets are being issued any wishing to attend this event should procure their tickets immediately. About half the required number of tickets have now been sold and reserved, but reserved tickets will not be held after Wednesday, August 27.

no regular gardener for our churchyard as funds will not permit it. Of course during the war it was impossible to get any labor, and matters had to take their chance. Now I send a man in once or twice a week, and he does his best and I think that the cutting from The Canadian Gazette is not now a true description of the state of the grave. I do not know that there is anything that will grow in the shady spot where the grave is, but I will consult my own gardener and will do my best to have it kept as neat and tidy as possible. I can assure you that the fact that this is the last resting place of such a man as Vancouver is not lost sight of by any of us.

"Close to the Phoenix" Government St.

MANY WORKERS REQUIRED FOR THE FRUIT HARVEST

Large numbers of workers are still required in the fruit producing sections of the Province, for the fall harvest of fruits will commence in the near future. The picking will last another two months, and good weather would lengthen this period somewhat. In Vernon, for instance,

fifty workers are needed immediately. Details may be obtained by reference to the picking at the various labor bureaus. Most of the fruit canneries will continue to employ workers until the actual harvest and board at the same time. That charged pickers are provided with the necessary tools. The cannery party has left from Vancouver large numbers of workers. The canneries are still requisitely at Kelowna. Last

year the smallest amount earned in the canneries was \$10 a week, and the largest \$18.

RAILWAYS AND CANALS REVENUE.

The revenue from the Government owned railways and the canals during the fiscal year ended March 31, 1918, amounted to the sum of \$27,895,825.09, according to the annual report of the Department of Railways and Canals. The revenue from the railways was \$27,240,956.87, and that from the canals amounted to \$414,868.22.

This is Great for Tired, Wilted, Wrinkled Faces

An effective warm weather treatment—heat tending to cause wrinkles and flabbiness—is a skin-tightener made by dissolving one ounce of powdered saxolite in a half pint of witch hazel. Rub the face in the solution and remarkable improvement will be observed immediately. The lines and sags disappear in a hurry. You feel and look much refreshed and the face has a more youthful appearance. As there is a beneficial tonic action the results are more than temporary, this being noticed particularly in the effect upon the relaxed facial muscles. The saxolite and witch hazel, which can be purchased at any drug store, are quite harmless, of course.

Sixty-seventh Battalion Association Half Yearly Meeting Set For Wednesday

It is intended to hold the first semi-annual meeting of the Western Scots Regimental Association in the club rooms of the Comrades of the Great War, corner of Courtney and Douglas Streets, on Wednesday evening at 8 p. m.

Since the inauguration of this association in April last, a considerable number of members of the association have returned to Victoria, and linked themselves up with their old comrades of the battalion. The value of regimental associations has been proved by the good attendance of members at various functions held since this association was formed.

It is intended to hold various functions in the winter months, and also to hold a grand re-union each year.

On Wednesday there will be an election for Hon. President, President, Vice-President, Secretary, Treasurer and Executive Committee. Any ex-members of the Western Scots who have not yet joined the association are requested to phone Hon. Secretary E. Macdonald, 5422 R. or write P. O. Box 955 before the next meeting.

VANCOUVER ISLAND NEWS

John Todd of Chase River and Miss Jane Isabella Southern, daughter of Mr. and Mrs. John C. Southern, South Nanaimo, were united in marriage at the Halliburton Street Methodist Church, Nanaimo, the Rev. Mr. Balderston being the officiating clergyman.

The church was beautifully decorated for the occasion, the bride attired in georgette trimmed with cream satin and carrying a spray of white carnations and sweet peas, being attended by her sister, Miss Martha Southern, who was groomed in white mull trimmed with cream satin and carrying a bouquet of pink carnations and white and pink sweet peas.

Joseph Dawson supported the groom, the ceremony being witnessed by a large number of friends of the contracting parties.

Mr. and Mrs. Todd left on the afternoon train for the points of interest on the Mainland.

Former Soldier Dies.
The death occurred in the hospital at Ladysmith on Friday morning of Warford Torke, son of Mr. and Mrs. Samuel Torke, of Extension, former residents of Wellington. Deceased, who was a native of Wellington, aged 22 years, enlisted two years ago, and saw six months' active service in the front line, where he was gassed. He never recovered from the effects of the deadly fumes, his death being directly attributed to that cause. Besides his parents, he is survived by three sisters and five brothers.

The funeral took place under the auspices of the returned veterans of Ladysmith on Sunday afternoon at 2.30, from the Pinn Hall, the interment taking place in Ladysmith cemetery.

Want Street Paved.
A largely attended meeting of the ratepayers of Halliburton Street, Nanaimo was held Friday night for the purpose of discussing the long standing problem of street pavement. A lengthy discussion, in which practically everyone present expressed themselves strongly in connection with the injustice inflicted upon property owners on Halliburton Street by a committee consisting of Messrs. W. J. Ferguson, T. Harvey, John Frame, Rev. Mr. Balderstone, and Mrs. Bamford was appointed to interview the council and secure all data in connection with the laying of the pavement and report back to a meeting of the ratepayers to be held on Thursday evening next.

Winter Ferry Service Wanted.
The Port Alberni Board of Trade has decided to give strong support to the Courtenay Board in its efforts to induce the Canadian Pacific Railway Company to maintain the same gulf ferry connection with Vancouver throughout the winter months as is enjoyed in the summer season, says The Port Alberni News.

The winter schedule of the Princess Patricia, plying between Nanaimo and Vancouver, provides for only one round trip a day, and the time of departure and arrival means a lot of delay in Nanaimo for passengers from points on the Courtenay and Port Alberni branches of the E. & N. Railway line who are bound for Vancouver. The extra trip of the steamer, when on summer schedule, allows for direct connection with trains both ways. If the double service cannot be maintained in the winter months it is desired to have the time of departure from, and arrival at, Nanaimo, on the single service, changed so as to comply with the extra trip of the summer schedule.

The Board went a step farther than meeting the request for support from Courtenay, and resolved to make representations to the E. & N. Railway Company for a daily train service.

W. A. of G. W. V. A.
A Women's Auxiliary to the Great War Veterans' Association, Cumberland Local, has been formed. Ladies who are close relatives of overseas soldiers are eligible for membership, and their co-operation is requested. Meetings held every 1st and 3rd Thursday at 7 p. m., in the G. W. V. A. Hall.

Cumberland W. A.
Holy Trinity W. A. met at the Victoria Y. C. for a Grand Old Party on September 3. The proceeds will be given to the building fund for the new Sunday School and social hall. Mr. Reynolds has completed his contract, and the Diocese has promised a mortgage of \$900 on condition that the Parish raise an equal amount. The building fund at present has reached the \$700,000 mark—Islander, Cumberland.

Picnic at Liberty Park.
A committee of which Mr. S. McClelland is chairman, Mr. A. Greenwell, secretary, and Mr. T. Westwell, treasurer at Nanaimo, is in charge for a celebration to be held at South Wellington on Labor Day, September 8. The programme of events will be run off at Liberty Park. Hot and cold water will be supplied free of charge to picnickers. Refreshments will be available and a good time is assured all who attend. The day's sports will be brought to a close with a dance in the evening.

Chemainus Board.
A letter from Provincial Health Officer, Dr. Gray, regarding the former nuisance contained the information that the original decision of the health authorities was final and that Chemainus beach must be swept clean. It was read at the last meeting of the Chemainus branch of the Ducahan Board of Trade. He intimated, however, that it was unlikely any drastic action would be taken

until the return of Dr. Young, who is at present in the Interior. The matter of a resident harbor-master was discussed and in this connection a letter from S. G. Hill, present appointee, stated that as he had to attend to his duties, he would be willing to resign the appointment at any time. The board will take the matter of a new appointment up with Ottawa immediately Mr. Hill has officially resigned.

Considerable dissatisfaction was expressed by various members over the street grading and draining so far accomplished in Chemainus by the municipality. President O. J. Monk stated, however, that he had been informed the Council did not regard this work as completed, and it was therefore decided to await further developments.

The Board intends to take up at an early date the matters of municipally owned fire protection, consolidation of post office, customs and all government business in one building, and the erection of a new railway station.

To Open Mill.
Mr. McDonnell intends to open a large shingle mill at Pann Bay. He is waiting for the lumber to build a new kiln before he can start operations.

Fire at Comox Lake.
A bad fire has been raging at Comox Lake. At a point near where it appeared to have started Mr. Balderston found the embers of a camp fire and some fish offal. He is convinced that it originated through the carelessness of some camper.

Courtenay Water Supply.
The committee appointed by the Courtenay City Council to investigate the various projects for a water supply now has the information required from the Canadian Collieries and Mr. Cokely will make a report as to the approximate relative cost of the several schemes at the next meeting of the council. There are four or five different schemes advanced. One is, of course, to tap the Canadian Collieries flume near the Power House on the Puntledge River, another to get the supply from Millard's Creek, Urquhart's Creek, Brown's River and other places. Brown's River is the most ambitious of them all, but it has many adherents in as much as the water would present little chance of contamination, there would be an unlimited supply and the municipality already has the power to obtain water from this source.—Comox Argus.

Presents Trophies.
In order to further the Athletic sports at collieries on the Island, F. M. Sylvester, vice-president and managing director of the Granby Consolidated Mining Smelting and Power Company, Ltd., has donated through the Granby Athletic Association at Cassidy two cups for annual competition, one cup for baseball and the other for football. One will be known as the "Granby Cup" and donated to baseball. The other to be known as "The Sylvester Cup" and donated to football. These cups to be retained by the winning team for one year and returned for competition the following year.

CONSIDER PURCHASE OF MEADLANDS FARM

The purchase of the B. C. Electric Company's Meadlands Farm at Patricia Bay as an agricultural ground for returned men is at present under consideration by the Federal Soldiers' Board. A report on the property has been forwarded to Ottawa, and a thorough inspection has been made. The land in question is very fertile and about half of the 320 acres has been cleared.

Inflammatory Rheumatism Permanently Cured

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Ken Jct., N.B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease inflamed my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Eric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this. By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c. per box, or six for \$2.50, sold by all dealers or direct from The Catarthozone Co., Kingston, Ont.

Ford

Electric Starting and Lighting

NO car has a better starting and lighting system than that now available to purchasers of Ford Cars. It is a Ford product, built into the motor—

- a positive starter as reliable as the motor itself;
- a powerful lighting system, uniform under all engine speeds.

On the open models—Touring Cars and Runabouts—it is OPTIONAL EQUIPMENT. On closed cars—Sedans and Coupes—it is STANDARD EQUIPMENT. On all models the Ford Standard Magneto also provides ignition independent of the batteries. See the Ford car with this new equipment.

Ford Runabout \$660; Touring \$690
On open models the Electric Starting and Lighting Equipment is \$100 extra.
Coupe \$975; Sedan \$1175 (closed model prices include Electric Starting and Lighting Equipment).
These prices are F. O. B. Ford, Ont. and do not include the War Tax. 111

Manager Moore's Single Secures Pennant for Straith-Two Jacks

After Alex Straith Had Made Three-Bagger Frank Got Single in Eleventh Innings, Which Made Score Four to Three Against Foundation

In the second game of the play-off Saturday, Straith-Two Jacks repeated their performance of earlier in the week, and took the city baseball championship from the Foundation Nine.

Frank Moore put his latest find, Bever, in the box again and showed good judgment. Carne was on the mound for the shipbuilders.

Carne struck out twelve men, walked two and hit one. Bever only allowed eight hits throughout the game. He struck out eleven and walked none.

STICKHANDLERS BRING MANN CUP TO ISLAND

Foundation Players Experienced First Defeat on Saturday

The first defeat in the Mann Cup race was experienced Saturday by Victoria (Foundation) stick-handlers, the home team at Westminster securing a six to three victory.

The Victoria team, perhaps because there was nothing at stake except the prestige of going through the season without a defeat, did not play up to the form they are capable of.

The Mann Cup Here. The Foundation took the Mann Cup, which Joe Lally says belongs to Victoria, over to the Island with them.

Norman E. Brookes and Gerald L. Patterson, the celebrated Australian tennis stars, who are taking part in several big tournaments in the Eastern states, will play an exhibition game on the courts of the Vancouver Lawn Tennis Club on Saturday, September 13.

MORE PROVINCIAL LAURELS FOR SWIMMERS' COLLECTION

Main Events at Ladysmith Gala Carried Off by Capital City Competitors—Marshall Wins the Mile

All three championship events at the Ladysmith gala Saturday were carried off by local swimmers, Jack Marshall, of the Victoria Amateur Swimming Club, taking the mile crown and Jock McNeill the hundred yards title.

In the ladies' championship, the 100 yards breast stroke, Audrey Griffin, of the V. I. A. A. Club, won from Mrs. Martin, of Ladysmith, with Rosie Robertson, of the Victoria Amateur Swimming Club, third.

Success from all angles attended the gala, and great credit is due the committee, mention should be made of Mr. and Mrs. Martin, of Ladysmith, for their efforts both in regard to the sports and the entertainment of the visitors.

The following clubs were represented: Vancouver, V.I.A.A., V.A.S.C., M.C.A. and Foundation. After a splendid day's outing, the V.I.A.A. with four car loads of people and the Foundation with one car, left Ladysmith about midnight.

The events were as follows: Hundred yards, B.C. championship of British Columbia—Heat 1, McNeill, first; Grainger, second; time, 70 4-5.

Fifty yards, ladies, open—1, A. Griffin, 2, Mrs. Martin, 3, Rosie Robertson; time, 22 2-5 seconds.

Fifty yards, men, championship of Ladysmith—1, E. Radford, 2, J. Leadbeach, 3, E. Leadbeach. Special boys 15 and under—1, C. Sweeney, 2, J. Sweeney, 3, J. Sweeney.

At Cleveland—R. H. E. Philadelphia 1 4 3. Cleveland 2 3 0. Batteries—Naylor and Perkins; Caldwell and O'Neill.

At St. Louis—R. H. E. Washington 5 12 1. St. Louis 0 8 0. Batteries—Zachary, Johnson and Picinich; Liefield and Severdoff.

At Chicago—R. H. E. New York 1 7 1. Chicago 4 7 2. Batteries—Quinn and Hannah; Williams and Schalk.

At Brooklyn—R. H. E. St. Louis 1 9 2. Brooklyn 10 21 2. Batteries—Doak, Tuero and Clemons; Smith and Miller.

At Pittsburgh—R. H. E. New York 1 5 0. Pittsburgh 0 6 3. Batteries—Carlson and Schmidt; Toney and Gonzalez.

At New York—R. H. E. Pittsburgh 1 7 0. New York 1 7 0. Batteries—Hendon and Wally; Miller and Jordan.

At Montreal—R. H. E. Montreal 7 30 9. Montreal 7 30 9. Batteries—Eastley and Wally; Lutske and Jordan.

At Montreal, Aug. 25.—One Canadian swimming record was broken at the 4th annual races of the Montreal Swimming Club at St. Helen's island on Saturday when George Vernon covered 100 yards in 60 4-5 seconds.

At Montreal, Aug. 25.—One Canadian swimming record was broken at the 4th annual races of the Montreal Swimming Club at St. Helen's island on Saturday when George Vernon covered 100 yards in 60 4-5 seconds.

At Montreal, Aug. 25.—One Canadian swimming record was broken at the 4th annual races of the Montreal Swimming Club at St. Helen's island on Saturday when George Vernon covered 100 yards in 60 4-5 seconds.

CIVIL SERVANTS HOLD SUCCESSFUL PICNIC

Three Hundred Members and Friends Spend Day at Deep Bay

Three hundred civil servants and friends spent an enjoyable day Saturday at Deep Bay on the occasion of the first annual picnic held under the auspices of the Civil Servants' Association.

Girls' race, 6 to 8 years: 1, Jeannie Taylor; 2, Peggy Davis; 3, Eileen Shotbolt.

Girls' race, 9 to 11 years: 1, Agnes NaySmith; 2, Lydia Lustig; 3, Gwen Hocking.

Girls' race, 12 to 14 years: 1, Ethel Cave; 2, Elsie Lustig.

Girls' race, 15 to 17 years: 1, R. Doane; 2, J. Holland; 3, W. Murray.

Girls' race, 18 to 20 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 21 to 23 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 24 to 26 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 27 to 29 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 30 to 32 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 33 to 35 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 36 to 38 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 39 to 41 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 42 to 44 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 45 to 47 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 48 to 50 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

Girls' race, 51 to 53 years: 1, Miss Wolfe; 2, Miss Lustig; 3, Mrs. Burns.

HAMILTON EARLE

DIES IN NEW YORK

Well-known Baritone Succumbed Saturday to Paralytic Stroke

Many Victorians knew Hamilton Earle, the well-known singer and vocal teacher, whose death was announced in The Times on Saturday, following a stroke of paralysis two weeks ago. Following a tour, Mr. Earle reached New York several weeks ago and friends here had been informed that he was in greatly improved health.

Mr. Earle came to Vancouver about seven years ago and had a vocal studio in the Empire block until he left the city to engage in concert work. A frequent visitor to Victoria he sang here on numerous occasions and also had many vocal pupils in the city. He was the possessor of a very fine baritone voice and had sung important roles in grand opera at Covent Garden. When he was taken ill he was about to sail for his former home in Liverpool to visit a thirteen-year-old son who is left to mourn him.

Mr. Earle's former wife is also a Covent Garden star, singing under the stage name of Louise Dale. In addition to his son's he is mourned by two brothers, one of whom lived in Victoria until the outbreak of war and a sister. His father died about six months ago.

The Earles of Liverpool are among the oldest families in Lancashire and the north. Those who have seen the great St. George's Hall at Liverpool will be familiar with the imposing statue in front erected to General Sir William Earle, grandfather of Hamilton Earle. One of the main thoroughfares in the Mersey city is also named after the family.

Plans for interment will not be completed until relatives in Liverpool have been communicated with, as it is probable the body will be taken to England. Mr. Earle was 45 years old.

THINK BOY STARTED FIRE IN THE PARK

A mischievous boy started the fire which last week destroyed a large area of the broom in Beacon Hill, judging by clues which the Fire Department officials are investigating at present. A number of fires have been occurring at the hill of late and have aroused the suspicion of Chief Vernon Earle, who has been looking into the matter personally. Before the investigation has been completed, it is probable that fewer fires will occur in the vicinity of the park.

BY-LAW CAUSES SOME DISSATISFACTION TO VICTORIA DRUGGISTS

To discuss and perhaps suggest amendments to the new City License by-law, the Druggists' Section of the Board of Trade will meet tomorrow. Dissatisfaction with certain sections of the by-law affecting their business is expressed by local druggists. The chief cause of discontent is the clause in the ordinance concerning photographic supplies.

CITY SOLICITOR TO LEAVE AT WEEK END

City Solicitor R. W. Hannington will leave his post at the end of this week, and H. S. Pringle, the newly-appointed solicitor, will assume his duties a week from today. Mr. Hannington is busy at present packing up his valuable collection of legal books which have been of great use to the city since he took office.

Riley Comes Back—John Riley, who has been conspicuous for his absence from the police court since the advent of prohibition, surprised Magistrate Jay by coming up before him this morning. Riley was arrested late Friday night, but was not in fit condition to appear even when the court was called on Saturday morning. The adventure this morning cost him \$5 or five days.

Valedictory to Rev. and Mrs. R. Stewart—Rev. Rupert Stewart, who has occupied the pulpit of First Presbyterian Church during the absence of the Rev. John Gibson inlander, leaves to-morrow for Vancouver and the East. The ladies of the congregation are tendering Mr. and Mrs. Stewart a farewell social this evening at eight o'clock, in the Church Hall, to which Mr. Stewart's Alberta friends are particularly invited.

WALVADE ORCHARD CROP IMPERILED BY WATER SHORTAGE

Situation in Okanagan Dry Belt Services, Says Get Bell, M.P.P.

DOMESTIC SUPPLY FAILS IN PEMBERTON

Five thousand cars of fruit, peaches, apricots and apples valued at \$5,000,000 are being shipped out of the Okanagan this season, according to Get Bell, M.P.P., who has just returned from a tour of the district where he has been carrying on organization work for the Inter-Church Forward Movement.

Water shortage, however, which in some parts approaches a water famine, is imperiling the quality of the fruit that has not yet been picked and packed, Bell says. There has been no rain in the Okanagan dry belt for more than six weeks.

The water supply Pemberton and Vernon especially is causing alarm, according to Bell. He says that already irrigation system around Pemberton has been diverted into the city for domestic use, the city water supply having given out. Residents are using water only for the most necessary functions. This leaves the fruit area around the city in a dire situation, as trees depend on the irrigation system. Unless rain comes shortly what is left of the water supply will be exhausted entirely.

"This Province of British Columbia will have to take steps to conserve a better system of conserving the water supply," these productive waters of the Okanagan," said Mr. Bell today. "Loss of the water for domestic and irrigation purposes comes from small streams which dry up in the summer. The Province will have to take steps to conserve in reservoirs the water from these streams, as it comes down in the flush spring season. Failing that it will have to take provision for pumping water to the district from the lakes."

The dry season, according to Mr. Bell, is also resulting in the destruction of large areas of timber by fire. Serious forest fires are burning in several areas. Residents are trying to keep them under control, but the extreme drought makes this practically impossible.

Mr. Bell leaves today for Prince Rupert to carry on Inter-Church organization work in the north. Movement for the day is planned for the fall.

ONE BIG UNION IS UTOPIAN DREAM

Says President of Steamfitters' International Union; Due Here to-morrow

Milton Snelling of Washington, D.C., and William McKenzie, of Portland, Ore., respectively international president and second vice-president of the team fit union, will arrive here either to-morrow night or Wednesday on an inspection of local conditions.

In speaking of the One Big Union movement, Mr. Snelling said: "Seattle that it was Western movement and that there was nothing being done about it in the east. "There is nothing new about it," he said. "The Rights of Labor broke up over it and they tried it out in Australia and it failed. Properly managed, it is a beautiful thing, but it is long as men are different in so many different ways as they are now there is no chance of its being a success. It has taken many years to educate the workers to organize under the plan of the America Federation of Labor to the extent of the solidarity of the labor movement of to-day, without attempting to make them all think alike and live in one union."

"We are not going to Russinize or Europeanize the labor movement of this country. There is no need for revolution on account of the laborer or any of his conditions. Of course, there is need for betterment, there always is, but it will have to be done by brains and not in any other way and above all it must be done by loyal American citizens whose first allegiance is to their country."

HOUSING REPORTS EXPECTED SOON NOW

Probably by next Monday night the special committee of the City Council will make its recommendations on the housing scheme. In the meantime, the matter is in the hands of City Solicitor R. W. Hannington and City Comptroller J. L. Rymur, who have arranged to meet with T. D. Pattullo, Minister of Lands, to clear up certain points still in doubt. The housing committee has intended to meet the Minister, but the meeting did not materialize. The members in doubt are those arising out of Mr. Hannington's report on the question.

STOLEN MOTOR CAR FOUND BY POLICE

Police yesterday morning noticed a motor car lying under the trees on Douglas Street near Belleville Street. It was found to be the car of Capt. Clayton. It was stolen from outside the Royal Victoria Theatre Saturday night when Capt. Clayton and his friends were witnessing a show.

The police are still looking for the thieves.

"FAMOUS FOR DIAMONDS"

The reputation of Whitney's as foremost diamond merchants has been won through many years of adherence to one high standard.

It is an important advantage to the prospective buyer of a diamond to know that in selecting the stone here there can be no possibility of gems being other than exactly represented.

Continuously advancing prices in the London market for rough diamonds emphasizes the wisdom of buying gems at present prices.

Family jewels remounted and reset by our experts. Designs cordially furnished. Diamond mountings inspected and tightened, when necessary without charge.

VICTORIA, B. C.

water pressure of the whole district, for the new water main is three times the size of the old one, which was only four inches in diameter. The piping laid extends from about Chambers Street to Camosun Street.

The sum of \$1,000 was set aside by the city for the work now nearly complete, but in addition to this some money out of the general appropriation for the Engineer's Department was used. The work taken out at the intersection on Chambers Street will be applied elsewhere in the laying of trails.

FORDS AND CYCLES TO RACE AT LABOR DAY AERIAL CIRCUS

Automobiles and motor cycles are to be raced at the Aerial Circus to be staged by the Aerial League at the Willows on Labor Day and three or four of the Ford Bullets around town that have a speed reputation, according to their owners, are to try conclusions. The motor cycle races are to be over a five-mile course. Cash money prizes are to be given for each event.

For every day push cycles prizes of \$5 and \$2.50 are offered for the best bicycle dressed as an aeroplane and ridden by its owner. The wings of these imitation planes must be covered with some fabric or paper and have a propeller which revolves when the bicycle moves.

5TH REGIMENT SHOOT

There was but a small attendance at Clover Point Rifle Range Saturday afternoon when the 5th Regiment, C. O. A., Rifle Association held their weekly shoot. Owing to insufficient entries there were no spoons for competition. Saturday was one of the few days this season when no centurys were recorded, although two scores were within one point. There were three possibles at the 500 yards and one at the 600 yards by Staff-Sergt. Austin.

At Admiral's Road Ranges.

The final shoot for the Dupont Trophy pictures was held yesterday at the Admiral's Road ranges of the Esquimalt Gun Club. A set of pictures of eighteen game birds was shot for, eight going to the winner, six to the second and four to the third. Lebrunner was the winner with 92 out of 100, Lenfesty second with 88 out of 100, and R. Ricketts, Sr., and N. Kennedy tied for third place with 84 out of 100. Ricketts and Kennedy will shoot off for third place at the next shoot. There was a good attendance at the ranges yesterday and another shoot has been arranged for Wednesday at 6 o'clock.

SOLD ARSENIC SPRAY WITHOUT LICENSE

For selling without special licence small tins of arsenic poison spray to combat potato bugs and other insects, the J. W. Woolworth Co. was fined \$5.00 in the police court today. H. J. Phillips, manager of the store, said it was the first time any complaint had been made about selling the insect poison, although the law covering this had been passed in 1909.

"If the law had been enforced as it should have been after it was passed, we would not be here on this charge to-day," said Mr. Phillips. "I'm afraid you would have been up on it long before this," replied City Prosecutor Harrison.

The New Art Pianos by Gerhard Heintzman

Style Sheraton

Everlastingly striving to improve on a good piano has made the name of Gerhard Heintzman synonymous with the most advanced standard of piano construction as it is understood in Canada.

The new piano from this famous Canadian piano-building institution is the Sheraton model. The sketch above shows the simple, refined lines of this instrument. Its tone is in keeping with the dignity and quality of its case architecture. May we show you this new instrument? It is quite moderately priced.

DOROTHY DALTON AT ROYAL VICTORIA

Heroine Is Keeper of Gambling House in "The Lady of Red Butte"

One of the plots that has been supplied for Dorothy Dalton, the beautiful Thomas H. Ince star, is found in her new Paramount picture, "The Lady of Red Butte," which will be shown at the Royal Victoria for four

days commencing to-night. The story was written by C. Gardner Sullivan and Victor L. Schertzinger was the director. Miss Dalton appears as Faro Fan, a good girl, but cast in a strange environment—a dying western town. The story begins at a theological school, where she meets Webster Smith, an impulsive student who writes a thesis on religious intolerance. Under the strain of overstudy he goes mad and becomes a raving evangelist who finally reaches the western town. He is succeeded by Faro Fan, who has several orphans in her keeping. Learning who she is, Smith upbraids and pronounces a curse upon her. A fever stricken vagrant spreads infection in the village and the evangelist prays that a judgment be sent upon the town. Only his church shall be healed, he declares. A fire starts, but the house of Faro Fan is saved and the church is

burned. The preacher becomes more violently insane and breaks in the door of Faro Fan's house. In the struggle, she strikes him on the head and his mental balance is restored thereby. In the end he and Faro Fan are united and he redeems himself. This picture is a powerful one. Thomas Holding is leading man with Tully Marshall and others. Two golf sends—an Englishman and a Scot—were playing a round together. After the first hole, the Englishman asked: "How many did you take?" "Eight," replied the Scot. "Oh, I only took seven, so it's my hole!" exclaimed the Englishman, triumphantly. After the second hole, the Englishman put the same question again. But the Scot smiled knowingly. "Na, na, na man," said he; "it's ma turn tae ask first!"

AMUSEMENTS TO-DAY

Variety—"The Midnight Patrol," Chinese underworld story.
Royal Victoria—Dorothy Dalton in "The Lady of Red Butte."

JANE NOVAK IN "THE MONEY CORRAL"

Dominion Presents William S. Hart in Artcraft Picture

Beautiful Jane Novak, who has appeared in support of Charles Ray and other stars, is leading woman for William S. Hart in "The Money Corral," his new Artcraft picture, produced under the supervision of Thomas H. Ince, which will be displayed at the Dominion Theatre this week. Miss Novak is one of the most beautiful of the younger, leading women. She has, moreover, genuine acting ability and a personal charm that is most captivating. There is more than the ordinary quota of women in this new Hart picture. Rhea Mitchell, Patricia Palmer and Molly McConnell have good roles. Herschel Mayall, one-time favorite of the stage, is cast for one of the most important parts and Winter Hall, a sterling actor, will be seen in a dignified characterization. The action takes place partly in the Far West and partly in the Middle West. There are many exterior and interior scenes and a big rodeo, wherein wild riders from the ranges will be seen in all their best stunts, is a big feature. This story was written by Mr. Hart and Lambert Hillier and is said to be dramatic and picturesque with a powerful motif and a fine thread of love running throughout.

"SKINNER'S BABY" AT COLUMBIA THEATRE

Popular Comedy-Drama Is Chief Feature of Attractive Bill

Film patrons will find lots of entertainment at the Columbia theatre this week, where Bryant Washburn is being shown in "Skinner's Baby," a real laugh maker which pleases young and old alike. There is "A Robust Romeo," featuring Fatty Arbuckle, a comedy which in itself is well worth going to see and William Duncan in "A Fight for Millions," a Western serial full of action.

THRILLING STORY AT VARIETY THIS WEEK

Thomas H. Ince Picture, "The Midnight Patrol," Shows Police Life

When "The Midnight Patrol," Select Pictures' great special attraction produced by Thomas H. Ince, is presented at the Variety this week, commencing to-day, moving picture patrons of this city will see one of the most thrilling and sensational "Chinese underworld stories ever produced on the screen.

"The Midnight Patrol" is a vivid story of Chinese life in a western metropolis. Wu Fang, a wily Chinese, rules like a czar over the vice and lawlessness in his district; while Jim Murdock, a corrupt political boss, shares with him the infamous profits derived from the gambling halls, plum dens and brothels.

At the time the story begins the "hinatown police squad is under the command of Sgt. Duncan, whose two trusted assistants are Terrance Shannon and Michael O'Shea. During a raid on Wu Fang's den Duncan is killed and Shannon is elevated to his position. Murdock and his Chinese jotters fear Shannon's power and they attempt to discredit him by stirring up trouble among the tongs. Shannon foils their plans, however, which has the unexpected result of making him stronger than ever.

About this time Murdock and Wu Fang are expecting a shipment of opium. In order to safeguard its arrival they tell Shannon that they are holding Fatsy O'Connell, a young lady whom Shannon admires, captive in Wu Fang's den and that she will be harmed unless Shannon keeps out of the way until the shipment of opium is unloaded. Terrence believes that duty comes first, however, and leads a raid on Wu Fang's underground den. He is assisted by "Chink" Ross, a white man who has been thrown down by Wu Fang.

When Shannon breaks into Wu Fang's den, Fang grapples with him and overpowers him. Fang and his assistants then prepare to throw Shannon into a pit filled with live rats. Just at this time O'Shea rushes in with the reserves and saves Shannon and Fatsy O'Connell from the horrible death that Wu Fang had planned for them. Wu Fang is killed and Murdock is captured. Shortly after this Fatsy Shannon is made chief of police, but not until he and Fatsy have discovered their love for each other.

"So you want to leave, cook? What motive have you for going away?"
"It ain't a motive, mum; it's only a policeman."

ALL WEEK COMMENCING TO-DAY ALL WEEK

Thos. H. Ince Presents WILLIAM S. HART

IN THE

"MONEY CORRAL"

Big Bill does a little job that earns a big reward for him—They asked him what he wanted, and what do you suppose he asked for? Risked his life, saved a million dollars, and then . . . just imagine what he asked for—Don't miss the answer—Don't miss the picture.

How he got into the vault was a mystery, but when the gang got there to clean-up they found him waiting, waiting with an eagle eye that could direct a bullet to points the average eye could not see—Then the big fight happened—A delightful love story runs through the play and makes it a typical topnotch Hart story.

GOOD TURNS ON NEW PROGRAMME

New Offering of Pantages Vaudeville Have Much to Commend Them

There is a bright programme at the Pantages this week. Excellent singing, refined and wholesome humor and a musical comedietta that carries the mark of the best producers are features of the offering and Manager Bob Jamieson has a selection of performers who will become real favorites this week.

"Perhaps You're Right" is the title of one of George Choo's most delightful musical comedies, with Robert Capron and Herbert Broske and a bunch of very pretty and dapper girls. Capron takes the character of a simple, old professor and Broske that of a college lad. There is a great deal of plot development, the lyrics are above the average and the dances are sure-fire applause getters. The entire production is beautifully staged and Broske furnishes much comedy in the star role. His topical song, "It Is Wonderful," is one of the leading numbers.

The Imperial Quintette are five grand opera singers who know how to sing and have voices of fine timbre and pleasing quality. Selections from "Il Trovatore" and "Carmen" are featured and the costumes and background are in keeping with the numbers rendered.

Arthur Conlin as a ventriloquist has few equals and his dummy creates no end of fun. Bright, witty, witty repartee seeks out the dry corners of the house and develops laughs innumerable.

Florence Rayfield sings a number of pretty ballads with expression. Some of the songs are about "over there," and please the boys who have "been across" mightily. She dresses well and the variety of her gowns are worth mentioning.

The Romanos Sisters are an agile, high-kicking duo who are not afraid to display the symmetry of their nether limbs and have nothing to be ashamed of at that. Their act is beautifully costumed, and this adds beauty to the turn.

Ray and Emma Dean give a true and comical portrayal of the girl and the nut. Ray has an odd falsetto that he uses to advantage to bring out the greenness of the character, but he dances cleverly and has some unique steps and his antics at times were most laugh-provoking.

The fourteenth episode of "The Man of Might" brings that fascinating motion picture serial up to the closing chapter and depicts intensively the drama of the story.

BOYS' NAVAL BRIGADE

James Bay Subdivision.
Orders for Week Ending August 30, 1919.

Dated, August 23, 1919.

1. Extracts from General Orders, dated August 3, 1919:

(6) In the re-organization of the Boys' Naval Brigade, hereafter termed B.N.B., Petty Officers and Leading Seamen will be selected from those boys showing the greatest amount of efficiency, and carrying out Weekly Orders as posted.

(8) Boys requiring leave of absence must send in written application to the Divisional Office, 222 Pemberton Building, at least one day before that on which they wish to absent themselves. Names of boys absent without leave will be posted in Weekly Orders. Applications for leave must be initiated by parent or guardian.

(9) When a boy is sick and therefore unable to attend parade, the Orderly Room should be notified by telephone before 5 p. m., the number being 5372.

2. The Subdivision will parade at Depot on Tuesday, August 26, at 7 p. m., for lecture, squad drill and ceremonial drill. All members of the Brigade who have any band instruments in their possession are ordered to bring them to this parade. Dress: Ducks.

3. Band practice: Band practice will be held after parade on Tuesday August 26; and at 7.30 p. m. on Wednesday August 27; and at 7.30 p. m. on August 28; all these practices will take place in the Connaught Seaman's Institute, James Bay. Members of both Subdivisions are eligible for the band.

4. Supplementary orders covering next week-end, will be issued through the papers on Wednesday and Thursday of this week.

5. The following recruits are taken on the strength of this Subdivision, are rated as Able Seamen, and are given the following numbers: 94, Walter Normann; 95, T. Dixon; 96, G. Adams; 97, L. George; 98, L. Grant; 99, L. Larson; 100, W. Teasdale; 101, C. Connorton; 102, R. Hobson; 103, J. Moran; 104, F. Blakeney; 105, L. Johnson.

6. The following Able Seamen are posted absent without leave on August 19, and 22: August 19: 2, Mills, W.; 31, Eagle, A.; 33, Driver; 53, Haydock, A.; 56, Kenyon, W.; 91, Nixon, C.; 92, Halsey; L. August 22: 5, Smith, H.; 31, Eagle, A.; 53, Haydock, H.; 58, Allison, S.; 59, Tuscombe, J.; 63, MacLachan, J.; 91, Nixon, C.; 92, Halsey, J.

7. The following A.B. is struck off the strength, having left the unit for some months without explanation: No. 33, Driver, A. B.

8. Orderly Petty Officer for the week: No. 36, Marchant, L. P.O. J. W. A. LEGGE-WILLIS, 1st Lieut., Victoria Division B.N.B.

Esquimalt Subdivision.
Orders for Week Ending August 30, 1919.

Dated, August 23, 1919.

1. Extracts from General Orders, dated August 3, 1919:

(6) In the re-organization of the Boys' Naval Brigade, hereafter termed B.N.B., Petty Officers and Leading Seamen will be selected from those boys showing the greatest amount of efficiency and carrying out Weekly Orders as posted.

(8) Boys requiring leave of absence must send in written applications to the Divisional Office, 222 Pemberton Building, at least one day before that on which they wish to absent themselves. Names of boys absent without leave will be posted in weekly orders. Applications for leave must be initiated by parent or guardian.

(9) When a boy is sick and therefore unable to attend parade, the Orderly Room should be notified by telephone, before 5 p. m. The telephone number is 5372.

LEAVES DECISION TO CANADIAN DIRECTORS

Governor of Hudson's Bay Company Explains Victoria Store Case

"Victoria store remains incomplete, and until there is some indication of more settled conditions, your committee in Canada do not consider it advisable to proceed with the work. The directors feel bound to accept that advice from their local committee in Canada, as those gentlemen are in much more closer touch with the general conditions at the moment than we are, and—were therefore, as I say, decided for the time being to postpone recommending work on that building, but of course the postponement is only temporary."

This statement was made by the Governor of the Hudson's Bay Company at the annual court of governors held in London last month. In reviewing the work of the company in Canada, Sir Robert M. Kindersley, the Governor, stated that the company intended a forward policy in the sale of its lands this year, though town lots were still in a very limited demand, and taxation was heavy.

"The prosperity of this great company is, of course, intimately bound up with the future of Canada. The Dominion, during the last five years, has proved her capacity for production in a marvellous degree. It is this value of her production per head of her population, coupled with a not too exaggerated consumption, which has placed the country in such a sound position in spite of her sacrifices of men and material through the war. So long as her citizens continue to produce on the scale they have been doing, while exercising a reasonable restraint on expenditure, so long will she continue to prosper, and with her this company," said the Governor.

EARNINGS PER TRAIN MILE.

The earnings per train mile of Government owned lines in 1918-17 amounted to \$1.38 and in 1917-18 to \$2.15, an increase of \$0.77 per mile, as stated in the annual report of the Department of Railways and Canals.

CATTLE TRADE VERY ACTIVE.

There has been a considerable increase in the value of the live stock exported from the Dominion, as

shown in the report of the trade of Canada for the twelve months ending June, 1917, 1918 and 1919, issued by the Dominion Bureau of Statistics. In

1917, the value of living animals exported from this country was \$12,547,239; in 1918 it was \$19,632,083, and for the twelve months ending June, 1919 it was \$27,547,025.

HIGH-CLASS ST. CHARLES ST. RESIDENCE, 8 rooms, hot water heating, hardwood floors, and 1/2 acre with large trees, 2 miles from school and 2 miles from store. Price—\$5,500.

Grubb & Hamilton 625 Fort St. Pemberton Bldg. Victoria, B.C.

W. T. Williams Naag Paint Co. Phone 837. 1302 Wharf St.

Wonderful Snap 160 acres of first-class land, entirely free from rock, situated in a splendid district about thirty miles from a prosperous little village. Approximately 50 acres are cleared; being a natural meadow and could be classed as bottom land. The balance, all of which is first-class, is covered with bush of varying density. The timber could be cut and logged with a minimum cost and net at least the price of the property.

We have sold considerable land in this district for twice the amount paid for it. It is a lot better than any we have sold. Price per acre \$25.

Coast Builders and Brokers Limited 405 Union Bank Bldg.

DEPARTMENT OF PUBLIC WORKS.
NOTICE TO CONTRACTORS.

Sealed Tenders, endorsed as above, will be received by the undersigned up to noon on the 30th of August, 1919, for the erection and completion of a bridge on RIVER ROAD, near HANEY, B. C. Plans, Specifications, Forms of Contract and Tender may be seen at the Department of Public Works, Parliament Buildings, Victoria, B. C., and at the office of the District Engineer, Court House, Vancouver, B. C., on and after the 16th August, 1919.

Tenders must be accompanied by an accepted bank cheque or certificate of deposit, made payable to the Honorable the Minister of Public Works, for a sum equal to ten per cent. (10%) of the tender, as security for the due fulfillment of the Contract, which shall be forfeited if the party tendering declines to enter into Contract when called upon to do so, or if he fails to complete the work contracted for.

The cheques of unsuccessful tenders will be returned to them upon the execution of the Contract.

Tenders will not be considered unless made out with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer,
Department of Public Works,
Victoria, B. C., August 13, 1919.

RE ARTHUR WELLESLEY VOWELL, DECEASED.

NOTICE IS HEREBY GIVEN that all creditors and other persons having any claims or demands against the estate of Arthur Wellesley Vowell, late of Victoria, B. C., deceased, who died on the 26th day of September, 1918, and whose will was proved in the Supreme Court of British Columbia on the 11th day of March, 1919, by Arthur Williams Jones and Arthur Philip Luxton, the executors therein named, are hereby required to send particulars in writing of their claims or demands (verified by statutory declaration) to the undersigned solicitor for the said executors on or before the 25th day of September, 1919, after which date the said executors will proceed to distribute the assets of the said Testator amongst the parties entitled thereto, having regard only to the claims and demands of which they shall then have had notice, and the said executors will not be liable for the assets of the said Testator or any part thereof so distributed to any person or persons of whose claims or demands they shall not then have had notice.

Dated this 11th day of August, 1919.

ROBERT LUXTON, Solicitor for the said executors, Chancery Chambers, Victoria, B. C., No. 6760.

WILL RESOLUTELY FIGHT BOLSHEVISM

New Northwestern Russian Government Will Co-operate With Kolchak

London, Aug. 25.—(Reuter's).—Reuter learns that the newly-established Northwestern Russian Government will shortly issue a declaration of its policy outlining the following principles:

The Government will be formed in agreement with the views of representatives of the Allies and will be united with the Government of Kolchak. It declares its decision to carry on war against Bolshevism. Complete equality is granted to all citizens, with civil liberties guaranteed. The new Constituent Assembly is to be convoked immediately. Different nationalities are to form part of a united Russia on a federal basis, and the Government will administer the zemstvos and municipalities to be organized on democratic principles. The agrarian question is to be solved by the constituents, and until then the land is to remain in the hands of the rural population. An eight-hour working day, Government control over production and regulations for safeguarding labor are to be introduced by the new Government.

Prejudice.

Copenhagen, Aug. 25.—Unless something is done to remove the fear and prejudice with which they are now regarded even by bourgeois class, there is little chance for the ultimate success of Admiral Kolchak, says the Danish Daily Morning Post. The Danish Red Cross, according to Dr. Camillo Martiny, who has arrived here from Russia after a long stay there as the head of the Danish Red Cross.

The bourgeoisie desire Allied intervention. The British withdrawal from North Russia means eventually German domination, and especially since Germany has lost her overseas colonies and the only road left her is eastward.

WILL TRY COMEBACK

Garland and Tilden Winners in Southampton Tournament

New York, Aug. 25.—Maurice E. McLoughlin, the "California Comet," who won the American lawn tennis singles championship in 1912 and 1913, will try for a comeback in the championship tournament of the United States Lawn Tennis Association, which began at the West Side Tennis Club's Court at Forest Hills, McLoughlin has been chosen to open the tournament by meeting Arthur Cragin of New York, on court No. 1. Gerald L. Patterson, San Francisco, the world's title-holder; R. Lindley Murray, winner of last year's tournament, and two former champions, R. Norris Williams, II, Boston; and William M. Johnston, San Francisco, and many other stars of the tennis world were entered in the sixty-four matches on to-day's card.

Southampton, N.Y., Aug. 25.—Charles S. Garland, Jr. of Pittsburgh, won the final and cup round of the Meadow Club men's singles Saturday, and William T. Tilden, II, Philadelphia, won the final of the doubles from the Australian pair, Randolph Dycett and R. V. Thomas. In winning the singles Garland defeated William E. Davis, of San Francisco, 6-4, 6-2. Davis had reached the final round by eliminating Norman E. Brookes the Australian star. The score of the doubles match was 7-5, 6-2, 6-4.

Southampton, N.Y., Aug. 25.—William T. Tilden, II, of Philadelphia, and Charles E. Garland, Jr. of Pittsburgh, defeated Randolph Dycett and R. V. Thomas, the Australian pair, in the final round of the Meadow Club doubles matches here to-day. The scores were 7-5, 6-2, 6-4.

MEN WHO HANDLED R-34 ARE HONORED

London, Aug. 25.—The decorations awarded in connection with the trans-Atlantic flight of the dirigible airship R-34 have been gazetted. Major G. H. Scott, commander of the airship R-34, has been awarded the Order of the British Empire; Brigadier-General E. M. Maitland, who represented the British Air Ministry on the flight; Capt. G. H. Cook, the navigating officer; Lieut. Guy Harris, the meteorological officer, and John D. Shorter, engineer officer of the R-34, have been awarded the Air Force Cross, and six sergeants who were aboard the airship have been given Air Force Medals.

CARD OF THANKS.

Mrs. C. Moses desires to express her heartfelt thanks to her many friends for kind words of sympathy and condolence and for the many beautiful flowers sent during her recent bereavement in the loss of her loving sister, Mrs. Julia Jessie Bradbury.

IN MEMORIAM.

SMITH—in loving memory of W. H. Smith, the beloved husband of Annie Smith, who departed this life August 23, 1919.

I do not forget you, nor do I intend, I think of you always and will to the end; I miss you and mourn you in sorrow undimmed.

And dwell in the memories of days that have been.

CORPORATION OF THE DISTRICT OF SAANICH.

Notice is hereby given that a tax sale will be held on September 2, 1919, on all properties on which the 1917 taxes are unpaid. Any person desiring information as to the same kindly communicate with the undersigned.

R. R. F. SEWELL,
Collector.

FRANCE AND HEDJAZ

Paris, Aug. 25.—The appointment of Cadi Chorchel Taleb Mohammed as French Military Plenipotentiary to the King of the Hedjaz has dissipated rumors concerning the reluctance of the French Government to deal with Prince Faisal, son of the King of the Hedjaz, who is on the way to Paris to resume his place at the head of the Arab delegation to the Peace Conference.

HERRON AMATEUR GOLF CHAMPION

Beat 17-Year-Old Player in Brilliantly Fought Final

Oakmont Golf Course, Pa., Aug. 23.—Davidson Herron, the sturdy son of Pittsburgh, to-day crowned himself king of the amateur golfers, defeating young Bobby Jones, the seventeen-year-old Atlanta player 5 to 4, in a brilliantly fought final round at the Oakmont Country Club. It was a distinctly home triumph for the ruddy faced victor as he was born within a stone's throw of the course and grew up with the game. He is the third player from the Smoky City to win the national classic, his predecessors being Eben M. Byers in 1906 and William C. Foxgrew, Jr. in 1910. Herron's play throughout the tournament stamps him as one of the leading players of the country. To-day he would have given Chick Evans, Francis Ouimet or Jerome Traverser quite as good a battle as he gave Jones, and probably would have beaten any of this trio.

The Oakmont player, it will be recalled, was one of the three men to tie in the qualifying rounds.

Then he in turn defeated W. H. Gardner 2 and 1, J. N. Stearns 6 and 5, W. J. Thompson 8 and 7 and J. W. Platt 7 and 6.

"CALIFORNIA COMET"

Garland and Tilden Winners in Southampton Tournament

New York, Aug. 25.—Maurice E. McLoughlin, the "California Comet," who won the American lawn tennis singles championship in 1912 and 1913, will try for a comeback in the championship tournament of the United States Lawn Tennis Association, which began at the West Side Tennis Club's Court at Forest Hills, McLoughlin has been chosen to open the tournament by meeting Arthur Cragin of New York, on court No. 1. Gerald L. Patterson, San Francisco, the world's title-holder; R. Lindley Murray, winner of last year's tournament, and two former champions, R. Norris Williams, II, Boston; and William M. Johnston, San Francisco, and many other stars of the tennis world were entered in the sixty-four matches on to-day's card.

NEW YORK STOCKS WERE IRREGULAR

Strength in Railroad Stocks in Anticipation of Rates Increase

(By Burdick Bros. & Brett, Ltd.)

New York, Aug. 25.—The Director of Railroads has made a suggestion that an increase in rates will be necessary in order that the higher operating cost of the carriers may be offset. In anticipation of the increase there was a broad covering movement in the railroad stocks to-day. Gains ran from one to three points. The industrials were not inclined to follow the advance and trading became dull. The so-called food stocks reflected strength. Central Leather had a sharp rise. Motor stocks were heavy after the advance which they enjoyed during the closing days of last week.

WINNIPEG MARKET

Winnipeg, Aug. 25.—October oats closed 5 cent lower, December 1 cent lower and May 1 cent lower. October barley closed unchanged, December 5 cent lower. October flax closed 1/2 cent lower, December 1 cent lower.

RECORD SILK CARGO BROUGHT FROM ORIENT BY EMPRESS OF ASIA

C. P. O. S. Liner Docked To-day From Hongkong and Yokohama With Silk Valued at \$10,000,000—Three Hundred and Fifty Passengers in Salon

All records for silk handling were broken with the arrival to-day from the Orient of the Canadian Pacific Ocean Services liner Empress of Asia. The largest shipment brought in 10,800 bales of raw silk, an unprecedented shipment for a single vessel plying in the trans-Pacific trade. The raw silk cargo alone is valued at eight and a half million dollars. In addition to her valuable raw silk freight the Empress carried 2,053 cases of silk goods, bringing the value of the total silk consignment aboard easily to the record figure of \$10,000,000.

The largest silk shipment hitherto brought across the Pacific by an Empress liner has been in the neighborhood of five thousand bales. The present marketable price of a bale of raw silk is computed at \$300.

The record silk cargo arriving on the Empress of Asia will be shipped East by special train which is awaiting the docking of the ship at Vancouver.

Completing a fast run of nine days from Yokohama, the Empress of Asia, Capt. A. J. Halley, R.N.R., reached port at 10 o'clock this morning with 350 passengers in the salon and 5,000 lbs. of general cargo in her hold. Fifty-three saloon passengers and 125 Chinese stevedores disembarked here, the remainder going on to the mainland. Twenty-five Filipinos bound for the United States, also came ashore at this port, and left by the afternoon boat for Seattle.

Halley in Command. The Empress of Asia arrived here under the command of Capt. A. J. Halley, former commander of the liner Monteaigle, who has succeeded Capt. W. Davison, R.N.R., in charge of the three-stacker's bridge. Capt. Davison left the ship at Hongkong, he having been appointed to the position of C.P.O.S. superintendent at Hongkong.

Capt. Halley reported excellent weather during the run across the Pacific, and, with Chief Engineer Jock Adamson in charge of the engine room, the customary revolutions were got out of the ship. Considerable fog was experienced as the ship neared the Vancouver Island coast, but a good landfall was made, and Pachaena and Swiftsure were picked up without trouble. After landing passengers and mails here the liner cleared at noon for Vancouver.

Will Produce Negro Comedy—A negro comedy, written by Miss Rosa Eglington, of Victoria, will be produced at Semple's Hall on Thursday and Friday evenings by the Victoria West Brotherhood. Accompanying the play, which is entitled "Coon Hollow," will be music by the Foundation Singers, Mrs. Johnson's mandolin orchestra and others. A dance will follow the Friday evening performance.

With respect to the master who holds a United States license, the court has always held the view that in thick weather, the master is expected to be on the bridge. He also gave straightforward evidence as to his actions, but had the vessel suffered any damage he would have stood in a more serious light. The court cautioned him not to forget the grave responsibility which rests on him as master of a vessel.

The Caddo is well known on this coast, having been engaged in transporting crude oil from Lobitos, Peru, to Vancouver, for several years.

PILOT OF CADDO WAS REPRIMANDED

Marine Court Also Ordered Him to Pay Costs of Inquiry

Investigating the stranding of the steamer Caddo on Basque Island, in the River St. Lawrence, which casualty occurred June 15, Capt. L. A. Demers, Dominion Wreck Commissioner, assisted by Capt. C. Lapierre and C. J. Stuart, nautical assessors, sitting at Montreal, July 21, found that the "casualty was due to the fact that Pilot P. Lachance, of the Quebec Pilotage District, did not adopt the precautionary measures which the circumstances demanded, the weather being thick.

The pilot's evidence was honest and straightforward and no attempt was made to lead the court astray, and it was, therefore, not considered necessary to call other witnesses. The pilot, in his thirty-four years of service, has had but one minor accident, due to lack of attention to elementary precautions in keeping speed, and falling to note the intervals of time for shaping each course. It further ordered him to pay the costs of the investigation and cautioned him to exercise prudence in the future.

With respect to the master who holds a United States license, the court has always held the view that in thick weather, the master is expected to be on the bridge. He also gave straightforward evidence as to his actions, but had the vessel suffered any damage he would have stood in a more serious light. The court cautioned him not to forget the grave responsibility which rests on him as master of a vessel.

The Caddo is well known on this coast, having been engaged in transporting crude oil from Lobitos, Peru, to Vancouver, for several years.

SEVEN FIVE PER CENT NOW Afloat

Wilfrid Laurier, Launched Saturday, Fifteenth Vessel of French Contract

Named after Canada's famous statesman, the fifteenth hull to be completed at the Foundation Company's yards here, was consigned to her element at 4:30 o'clock Saturday afternoon.

The ship Wilfrid Laurier was sponsored by Mrs. J. H. Hines, wife of the publisher of The Pacific Marine Review, and a number of friends of Mr. and Mrs. Hines from across the border were present at the launching ceremony. Edw. E. Jenkins, assistant northwest manager of the Foundation Company, was in charge of the launching, and the actual dispatch of the vessel was supervised by Yard Superintendent Joe McKay. The Wilfrid Laurier went aloft with the same precision that has marked former launchings here. She was later towed from Point Hope to the outfitting plant at Ogden Point.

MONTEAGLE AND JAPAN TO TRANSPORT BRITISH TROOPS FROM SIBERIA

According to word reaching here by the liner Empress of Asia, which docked here to-day from the Far East, the liners Monteaigle and Empress of Japan have been taken over for the work of repatriating the British military forces in Siberia. The liner Monteaigle, the first to be taken, was due to leave Hongkong August 12 for Vladivostok to fill up with British troops for passage home. The British force will be transported to England by way of Canada, and will enroute at Vancouver for Montreal, from which port they will be sent across the Atlantic.

The Empress of Japan was due to leave Hongkong about August 20 for Vladivostok also to embark British troops. It is said that the Admiralty, in commanding the C. P. O. S. ships, have arranged to leave a number of first class berths at the disposal of the C. P. O. S. for civilian passengers. Both the Monteaigle and the Empress of Japan, it is stated, will call at Victoria enroute to Vancouver.

On his Oriental mission Mr. Wilson represented the Park-Union Foreign Banking Corporation, organized and controlled by the National Park Bank of New York, and the Union Bank of Canada.

Mr. Wilson returns well pleased with his tour and predicts the establishment of other branches of his bank in Oriental countries in the immediate future, notably at Tokio, Hongkong and Singapore. He has been away eight months and went as far as the Straits Settlements.

It is said a question of time, went on Mr. Wilson, "when American capital will flow freely into China and take advantage of labor and illimitable resources of the country." But in my opinion, only the new agreement, the present state of chaos is international, financial and politically, in China.

FULL REALTY BUYING BEGINS

Homes From \$5,000 Up in Demand by Outsiders; Sidney Deal Completed

New comers, looking upon Victoria as their choice for a city in which to live, have started in earnest to do their full real estate and home buying. Local real estate men have been extremely industrious during the last couple of weeks, hunting up homes in Victoria and the surrounding district for families who are anxious to settle here. The supply of large houses is not equal to the demand, while there is a notable scarcity of homes around the price of \$5,000.

Among recent sales is that of the Ballantine home on Bellevue Avenue, just off Newport Avenue, overlooking the Oak Bay golf links. The sale was put through by A. W. Jones, Ltd., at a price in the neighborhood of \$15,000. The purchaser is a non-resident whose identity has not yet been revealed.

Buyers Estate at Sidney. Five acres of waterfrontage at Sidney has been bought by G. E. Goddard, who has come here to live. Mr. Goddard is a wealthy retired horse dealer from the Northwest. He moved to Sidney last week with his family. Mr. Goddard is now putting all his energies into inventions. At his Sidney estate he is perfecting a method of treating salt water so that it can be used by vessels for steam purposes.

The "Chalet" on Rockland Avenue has recently been sold by the A. W. Bridgman firm for \$17,500 to Col. H. C. Carey, son of the late Mayor Carey of Victoria. Col. Carey formerly lived in Victoria, but of late years has been in all parts of the world with the Royal Engineers. He has now decided to return to Victoria to settle.

Another large Rockland Avenue home is being negotiated for by an outsider who desires to live here.

LEGISLATION WANTED IF ALL ELSE FAILS

Premier Says City Could Appeal to Legislature About Bridge

"The city can refuse to concede the virtual demands of the Esquimalt and Nanaimo Railway Company and appeal to the Parliament of Canada for legislation which will effectively provide the legal machinery to settle the long drawn out question once and for all time to come." This was Premier Oliver's reply to the query from The Times representative this morning as to the City's position in the event of the railway company adhering to its requirements in connection with the proposed Johnson Street bridge.

Mr. Oliver again stated that the delay in settlement as he understands it, rests with the E. and N. Railway Company in what appears to him to be the unreasonable nature of its requests. He referred to the fact that the railway company wished to have the assurance that if the proposal is not endorsed by the ratepayers the city should forego any claim which it has in respect of its present structure, either for pedestrian or vehicular traffic.

"I maintain, and I think the city officials agree with me, that the E. and N. Railway Company is not in a position to ask that the city be penalized in the event of the ratepayers rejecting the present plans for the bridge," observed the Premier.

In connection with the other proviso required by the railway company to the effect that no cars of any company competing with the Esquimalt and Nanaimo Railway or any other street railway over Johnson Street bridge, Mr. Oliver said: "My understanding was that the officials of the E. and N. Railway Company stated that Grant Hall, Vice-President of the Canadian Pacific Railway Company insisted that this and the foregoing conditions be made part of the agreement. I say emphatically," concluded Mr. Oliver, "that the E. and N. Railway Company has not a shadow of a right to ask either of these concessions, as they are both in the nature of a hold-up."

DELEGATION TALKED TECHNICAL EDUCATION

Representatives of the School Boards of Vancouver, North Vancouver, Point Grey and neighboring municipalities waited upon the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, at his invitation this morning for the purpose of discussing in more detailed fashion the establishment of a technical school in the city of Vancouver.

As announced in these columns on Saturday the Government will contribute the sum of \$25,000 towards the cost of construction and equipment and make a grant amounting to some \$13,000 in respect of salaries to technical school teachers. This morning's conference was largely concerned with the general scheme and the discussion of a policy for internal

ORATOR IS HERE FROM LIVERPOOL

Harrison Ship Was Formerly the Hawkhead, of Rankin-Gilmour Fleet

After a passage of thirty-seven days from Liverpool to the British steamer Orator, Capt. D. Flynn, of the Harrison Direct Line, to-day was discharging cargo at the Outer Docks from the United Kingdom. On her way out here the Orator touched at Colon and San Francisco, remaining two days at the Golden Gate port. The Orator was formerly the British steamer Hawkhead, one of the Rankin-Gilmour fleet, which was chased by the Harrison Line partly to replace the tonnage lost by the company during the war. She was renamed Orator, after the vessel of that name which was torpedoed. Capt. D. Flynn, is a Nova Scotia skipper who is making his first trip to the North Pacific coast in the service of the Harrison Line. A. Chalmers, chief officer, has been here before.

The second officer, J. O'Neill, was torpedoed on the steamer Orator, which was sunk by a German submarine while on her homeward voyage from this port. A Godard, third officer, has also had the experience of being a ship sunk under him. Chief engineer Clark has with him J. Brison, second engineer, and H. West, third engineer. W. Hodgson is purser, J. Adams, second steward, was with the Warwickshires, attached to the Canadians at Vimy Ridge. He later engaged in British air service but sustained a broken shoulder blade in an accident while flying at the British training base. F. Roberts is the chief steward of the Orator.

NAVAL OFFICERS RETURNING HOME

Several Members of H. M. S. Kent's Complement Arrive on Empress of Asia

H. M. S. Kent, the British cruiser which won imperishable fame in the battle of the Falklands, and which for several months after that memorable battle lay at anchor in Esquimalt harbor removing her battle scars, is now at Hongkong, where she will be laid up for six months for repairs. Her complement has been sailed off and a large number of her officers are returning to England to report to the Admiralty. Capt. J. D. Edwards, Surgeon-Commander G. M. Eastment, Lieut.-Commander H. V. Lavinton, and Rev. P. C. Gough, ship's chaplain, were passengers arriving by the liner Empress of Asia to-day.

Military Officers. Other passengers on the Empress were Lieut.-Col. W. H. Passby, R.G.A. and Lieut. B. L. Stephen, R.G.A., who are returning to England from Hongkong to resume civil life.

C. Schwab, a New York city, accompanied by Mrs. Schwab, is returning home after making a tour of the Oriental countries. The entire accommodation of the Orient to be booked full, and it was stated aboard that a large number of prospective travellers had to be refused, passengers in travel from the Orient to the United States is noticeable aboard the C. P. O. S. liners. The luxury offered by these palatial-transoceanic palaces appeals to the globe-trotting American, with the result that the C. P. O. S. has corralled the bulk of the American travel to and from the Far East.

ROTARIANS DIVIDE ATHLETIC HONORS

Victoria Massacred in Ball Game, But Triumphs on the Golf Links

Victoria and Vancouver Rotary Clubs divided honors in the baseball and golf competitions staged on the occasion of the visit of the Rotarians from the latter city on Saturday afternoon. Victoria's triumph was the fate of Rotarian Lester Patrick's stalwarts, but on the links, lead by Rotarian Jimmy Hunter, the local golfers were successful in all but one game, which Rotarian Hon. John Hart halved with the best of the Vancouver men.

Vancouver won the ball trophy at the last inter-city game two years ago, and brought it over to Victoria on Saturday. This was a needless trouble, however, for the prize was taken back to the Terminal City immediately. After the massacre of the Victoria nine, the score board announced: Victoria 3; Vancouver 15.

Following the athletic competitions the Rotarians proceeded to the Yacht Club the hosts of the Commodore and members. Here supper was served at about 9 o'clock by the White Lunch, Ex-President J. D. O'Connell presiding, with President J. D. Kearns, of the Vancouver Club, on his right. After these two gentlemen had entertained the gathering with orations, dancing commenced, and continued until about midnight.

STEAMER ASHORE NEAR HALIFAX BUT REFLOATED

Halifax, Aug. 25.—The steamer Glenholme from St. John, went ashore Saturday near Spencer's Island in a dense fog. As the tide rose she was refloated and was backed off, and afterward was beached at high water. Her cargo was badly damaged, but a considerable portion of it can be saved.

UNIFORM SCALE FOR LONGSHOREMEN

Increases Granted Up to 15 Cents Straight and 30 Cents Overtime

Seattle, Aug. 25.—Providing a uniform scale for Washington, Oregon and British Columbia ports for the first time in Northwest history and granting increases up to fifteen cents an hour on straight time work and thirty cents an hour on overtime work, a new agreement, it was announced this morning was signed late Saturday night by representatives of the Northwest Waterfront Employers' Union and the Pacific Coast District Council of the International Longshoremen's Association.

The agreement is retroactive to 8 o'clock, the morning of August 12. "This is the first time a uniform agreement ever has been signed by waterfront longshoremen interests covering the leading Northwest ports, the list being comprised of Seattle, Tacoma, Portland, Astoria, Victoria, and Vancouver, B. C. The agreement is to continue indefinitely or until cancellation on thirty-days' notice given by either side. Under the new scale the rate is as follows. Longshoremen on coastwise and deep sea work ninety cents an hour straight time and \$1.35 an hour overtime. Under the old scale truckers received sixty-five cents an hour straight time and \$1.00 an hour overtime. Under the new agreement they receive eighty cents an hour straight time and \$1.20 an hour overtime. Lumber handlers under the old scale received sixty cents an hour straight time and \$1.15 an hour overtime. Under the new agreement they get ninety-five cents an hour straight time and \$1.40 an hour overtime.

ESTABLISHED BANK BRANCHES IN ORIENT

International Financial Assistance Will Help China Out of Chaos, Says G. Wilson

"The economic conditions in China are bad and financially the country is in a state of chaos but relief will be found with international financial assistance," said G. Wilson, assistant general manager of the Union Bank of Canada, who returned to-day on the liner Empress of Asia, after investigating the financial situation in the Far East and establishing bank branches at Yokohama and Shanghai.

On his Oriental mission Mr. Wilson represented the Park-Union Foreign Banking Corporation, organized and controlled by the National Park Bank of New York, and the Union Bank of Canada.

Mr. Wilson returns well pleased with his tour and predicts the establishment of other branches of his bank in Oriental countries in the immediate future, notably at Tokio, Hongkong and Singapore. He has been away eight months and went as far as the Straits Settlements.

It is said a question of time, went on Mr. Wilson, "when American capital will flow freely into China and take advantage of labor and illimitable resources of the country." But in my opinion, only the new agreement, the present state of chaos is international, financial and politically, in China.

INDUSTRIAL VALUE OF MAPLE

Maple is the most important hard wood used by Ontario's wood-using industries, over three-quarters of a billion feet board measure being used every year. Accidental forms with the grain curled and contorted, known as curly maple and bird's-eye maple, are common and are highly prized for decorative work. Maple does not grow in any quantity north of the 49th parallel of latitude in Ontario. The material is used in twenty-eight industries. The greatest quantities are used for hardwood flooring, furniture and wood distillation, as stated in a bulletin issued by the Forestry Branch, Department of the Interior.

WILL RECORD NAMES OF FIRST SOLDIERS

Men Who Started For Overseas on August 26, 1914, Will Sign Roll

A unique ceremony, recalling the departure of Victoria's first contingent for the front, will be performed in connection with "Heather Day" tomorrow. The headquarters of the Heather Day, the Dorothy Tea Rooms, in the Pemberton Building on Broad Street, will be open all day in order that all men who started for overseas on August 26, 1914, may sign a roll. The contingent which left the city on that date included sixty-seven soldiers, but how many of the number have returned after over four years of war is not known.

The sale of heather on Victoria streets has been an annual custom ever since that day in 1914, when the little party of men of the 5th Regiment embarked for the great adventure. Every year, on the same day, the custom has been renewed, and in the meantime many of the first sprigs of heather all through the battles of Europe. More than half a dozen cases are reported of men who have measured the little leaves which they brought home after years of strife. The heather for the four "Heather Days" held during war time was supplied by George Fraser of Uchelet on the West Coast of the Island. Mr. Fraser has extended the same generosity this year.

The promoters of the collection would be glad if business firms would display the poster issued by the committee.

CANADIAN TRADE WITH AUSTRALIA INCREASES

Despite the general decrease in imports from other countries during 1917-18, trade with Australia in goods of Canadian origin was not only well maintained but increased by \$258,977 or 12.55 per cent, and attained a level higher than any preceding year, says a report from Melbourne by Acting Trade Commissioner C. Hartlett. This is particularly encouraging in view of the difficulty experienced by Canadian manufacturers in procuring tonnage from both the eastern and western seaboard, which is known to have had a retarding effect on an otherwise much larger volume of business.

During the past year or two the Australian merchant has made no secret of his desire to trade in future more with his own kindred, which would appear to be reciprocated by his Canadian brother in also purchasing more largely of Australian products than at any time in the past. Eliminating exports of gold to the value of \$2,000,000 in 1916-17, Australian exports to Canada in 1917-18 were as large again in comparison with that year and also reached a record level in the trade between the two countries. Figures in relation to Australian imports of goods of Canadian origin, and the Australian exports to Canada, in recent years are as follows:

PRAIRIE CLUB AND ORANGEMEN PICNIC

Two hundred Victoria Orangemen, chiefly members of Lodge No. 1428, under Worshipful Master J. H. Lane, held a picnic at Fowl Bay Saturday afternoon. Many women members from Queen of the Island Lodge, of the Purple Star and Britannia Lodge attended, while there were a number of men from Lodge No. 1428. Mrs. H. S. Pike served tea.

One hundred members of the Prairie Club held a picnic at the Experimental Farm, Saanichton, on Saturday. The picnic took the form of an automobile outing. On Saturday afternoon a large number of teamsters and chauffeurs went out to Goldstream for an outing.

BEWARE OF TENDER, INFLAMED GUMS

Pyorrhoea, with a premature loss of teeth, is almost inevitable if you do not properly care for your gums. Here is the explanation: As you age, the body tissues naturally relax. You see this tissue loosening in the neck. It goes on in your gums, too. As you grow older, your gums shrink below the normal gum line. Through lack of care they become spongy and inflamed. Then you have Pyorrhoea (Riggs' Disease). Four out of five people over forty have Pyorrhoea. And many under forty, also. Don't let a tender gum spot develop. These tender spots breed disease germs which enter the system through tiny openings—infecting the joints or tonsils—or causing other ailments. Immediately get Forhan's, which positively prevents Pyorrhoea if used in time and used consistently. Forhan's tones the gums and hardens them. They in turn keep the teeth healthy. Brush your teeth with Forhan's. It cleans them scientifically—keeps them white and clean. If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 65c tubes. All druggists.

FOR THE GUMS. Forhan's. Sole Agent: JOHN COCHRANE DRUGGISTS. N. W. Cor. Yates and Douglas Sts., at the C. Electric Clock.

MINERAL OUTPUT OF CANADA IS LARGER

Total Value \$189,646,534, an Increase of Over 139 Per Cent. Since 1906

The total value of the output of the mines of Canada in 1917 reaches the sum of \$189,646,534, as shown in the annual report of the Department of Mines, on the Mineral Production of Canada, recently issued.

Compared with the total value of the production in 1916, which was \$177,501,534, that of 1917 shows an increase of 7.02 per cent and in point of value represents the largest output on record, as stated in the report.

Price and Production Increases. The total value of the metallic production in 1917 was \$106,455,147, as against a value of \$106,319,365 in 1916, and \$75,314,841 in 1915. While the net change in 1917 was a small increase amounting to only one-tenth of one per cent, it will be noted that decreases in the production of fine metals aggregating over \$7,170,000 were offset by increases in other metals aggregating over \$7,300,000, the report continues.

The total value of the production of non-metallic products in 1917 was \$83,191,387, as against \$70,222,169 in 1916; \$61,294,330 in 1915, and \$79,273,461 in 1914. Thus while the value of non-metallic products in 1916 was less than the value in 1912 and 1913, that of 1917 was greater than any previous year. Much of this increase is to be credited to higher prices realized for most of these products though on the other hand important increases have been made in the quantities of certain raw minerals produced including asbestos, chromite, graphite and pyrites.

Largely Increases Per Capita. The total value of the production in 1886 was \$10,221,255, or about \$2.23 per capita. In ten years the value had increased to \$22,474,256, or \$4.38 per capita more than twice the total in 1886, and nearly four times the value per capita. The next ten years witnessed an increase to \$79,286,697 in 1906, or \$12.81 per capita, about three and a half times the production in 1886. From 1906 to 1917, the total production has shown an increase of over 139 per cent.

Exports and Imports. A very large portion of the mineral production of Canada is exported for consumption or refining outside of the Dominion. On the other hand, considerable quantities of mine products chiefly those which have been refined or subjected to partial treatment, or in the form of manufactured goods ready for consumption, are imported.

The total value of the exports of products of the mine including direct mine products and manufactures thereof in 1917 was \$176,805,818, compared with \$171,778,583 in 1916. This value includes for 1917 mine products to the value of \$77,968,481, as against \$70,735,151, as against mine products valued at \$80,755,461 and manufactures valued at \$90,423,132 in 1916.

Practically the whole of the Canadian production of copper, nickel and silver is exported, also a very large proportion of the production of gold, asbestos, and mica. There are, as well, considerable quantities of coal, iron and steel goods, agricultural implements, aluminum, calcium carbide, acetate of lime, fertilizers and coke.

NEWS AND NOTES OF THE MINES

Two strikes of pay ore are reported from Payne mountain, in the Slocan, by M. C. Monahan, who made a flying trip to Nelson a few days ago.

On the Washington group belonging to Mr. Monahan and associates, the ore body has been found in which the strength of some galena float, they have been looking. They are now driving a tunnel to crosscut the vein at depth, and have already gone in twenty feet. The open cut in which the strike occurred is on the Snowstorm claim, and it seems certain that the vein must descend into the Silver Reef group, which is just below. The Silver Reef group has been owned by Mr. Monahan for twenty years.

George Clark, who has a lease on the Ocean and Reciprocity claims, which, like the others mentioned, are close to the Payne mine, has struck the ore shoot on the Ocean vein for which he started a looking camp six weeks ago, says the Nelson News. This vein was originally exposed in a rockcut in the wagon road that winds around the mountain, and a surface cut has revealed the ore. Mr. Clark is now starting a crosscut lower down which should very quickly cut the vein on which he will then raise and stop.

Still a third group of operators is busy on Payne mountain. Alex. Stewart and John Goodlad having a lease on the Ocean vein, they started a month ago. Mr. Goodlad, with another partner, had a lease last year on this property, and shipped car of ores.

Angus Beaton and Henry Bretzins have returned from the Debutene property. They are making arrangements for a trip to the Sibon, and do not expect to return till snow flies, says the Interior News. Charles Ek, of the Red Rose Group, on Road to Bebe Mountain, came down this week to make arrangements with F. B. Chettleburg for a working bond on his property to New York capitalists.

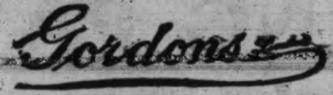

Dennis Conness is performing assessment work on the Cap Group. A sample taken across two feet of ore at a depth of twenty feet returned \$1.20 gold, 25.2 oz. silver and 9.7 per cent copper.

FORHAN'S, LTD., 307, St. James St., Montreal.

George Gormley, a well-known mining man of Slocan, will start work on the Greenville group, a short distance from the Queen Bess mine at Three Forks.

George McLaren has contracted to run a tunnel for the Nelson Development Company on Cascade Creek, about twelve miles from the railway. C. Marsh, of Spokane, and S. H. Gilroy, of Kansas City, Mo., were in the camp this week looking over the properties and they declared that the possibilities of the camp were a great surprise to them. The last shipment of ore from the
